ADVANCE GUARD FORCED BACK

Kuroki's Men Retreat to Fung-Wang-Cheng Before Russians.

NO DECISIVE FIGHT

Naval Losses Still at Head of Casualties During Present Conflict.

MANY OFFICERS DROWNED

[Special Cable to The Gazette.]

Niuchwang, May 20.—Skirmishes along the Japanese front have forced the advance guard back on Fung-Wang-Cheng.

No decisive battle has been fought, but the Japanese, not willing to risk a general fight, retreated with great rapidity and in good order to the hills, where entrenchments have been thrown up.

The Japanese, numbering 20,000 men, came upon 32,000 Russians in a strong position on Monday, 60 miles west of Fung-Wang-Cheng. It being unwise to risk a battle the Japanese retreated in good order and with great rapidity.

ST. PETERSBURG, May 20.—The following dispatch from Gen. Kuropatkin to the emperor, dated at Liao-Yang, May 19, has been received here:

"A detachment of Cossacks engaged a detachment of the Japanese advance guard on May 18 north of Fung-Wang-Cheng in a mountainous district. The fight began in the morning and lasted until 2:30 o'clock in the afternoon. The Japanese were successively dislodged from positions extending over 15 miles.

Small Russian Loss.

"The pursuit of the Japanese was stopped at Datiantsy, 13 miles north of Fung-Wang-Cheng. Our casualties were six Cossacks wounded, two horses killed and eight horses wounded.

"There is no trace of the enemy in the valley of Tsanhoka, so far as the road leading to the Tehangouline pass, 18 miles north of Fung-Wang-Cheng."

The disaster to the Japanese navy was reported to Grand Duke Alexis by Viceroy Alexieff today. His report is as follows:

"The following report by mail from Rear Admiral Wittsoeft, in command of the naval forces at Port Arthur, was received on the night of May 19-20:

"'Three of the enemy's battleships and three cruisers appeared to the east on the morning of May 15. Their movements were watched from Liao-Te-Shan and Golden Hill. After crossing the meridian of Port Arthur this squadron turned eastward and appeared to be getting into battle formation, when an explosion was observed under the third battleship, which was of the Fuji type. The ironclad stopped, heeled over to starboard and began to sink by the bow, sending up a quantity of steam.

"'Two cruisers immediately approached and it was observed from Golden Hill that they lowered boats, after which the battleship gradually righted herself and appeared to recover from her injury.

"'At that minute another three funneled battleship of the Shikishima type approached the scene of the accident and a mine exploded under her amidship section, causing a similar explosion to that which occurred in the case of the battleship Petropaviovsk. In the course of one minute she sank.

"'I sent 16 torpedo boats to harass the enemy and should a favorable opportunity present itself to attack the ships separately.

"'The cruiser Novik went out to the passage in order, if necessary, to stop the torpedo boats, but the cruisers got up steam at this juncture and drew in toward the shore. The Japanese cruisers opened fire with all their heavy guns on our torpedo boats, but the latter returned to port without loss.'

Cripple Disappeared.

"'The damaged ironclad then disappeared below the horizon with her attendant cruisers, escaping from the pursuit of our flotilla.

"'In the meantime night had fallen, the wind had freshened and there was a rough sea. On the morning of May 16, three torpedo boats approached the scene of the disaster. I sent the Novik against them and they put out to sea.

"'According to reports received from the coast three torpedo boats, covering an attempted landing in Kerr bay, were damaged by our light artillery.'"

TOKYO, May 20.—The following official statement has just been issued here:

"A section of infantry of the Liao Tung forces went in the direction of Shang Chusan to reconnoiter and met two sections of Russian infantry. The Russians were repulsed in 30 minutes. Our casualties were one officer and four men killed and one officer and eight men wounded. The Russian casualties were one officer and 40 to 50 men killed.

"The landing of Japanese troops at Taku-Shan began yesterday."

The loss of life incurred by the sinking of the cruiser Yoshino, included Capt. Sayeki, Commander Hirowateri, three first lieutenants, five second lieutenants, five midshipmen, paymaster, surgeon, three engineers, cadets and eight boatswain mates. Of the crew the number of those lost is unknown.

Those who went down with the battleship Hatuse when she foundered were Commander Taukamoto, Commander Viscount Nire, Commander Arimori, five second lieutenants, five sub-engineers, two surgeons, six midshipmen, four cadet engineers and ten non-commissioned officers.

LONDON, May 20.—The Japanese legation here gave out this morning the following dispatch, received from Tokyo: "The enemy's forces, participating in the fight near Kin-Chou, Liao Tung peninsula, May 16, consisted of the Fifth, Fourteenth and Sixteenth sharpshooters, with eight quick-firing guns. They left on the field 30 dead officers and men. According to the prisoners the enemy's casualties were over 300."

TUNNELS FOR CITY FREIGHT

Electric Delivery System Projected on a Mammoth Scale.

RALPH FLINN AT HEAD

Charter Will Be Asked Allowing Tunnels Under Downtown Streets and Both Rivers.

SIMILAR TO CHICAGO SCHEME

Ralph E. Flinn, son of ex-Senator William Flinn; John S. Weller, counsel for Mr. Flinn, and David O. Jones of Booth & Flinn are seeking a charter for a magnificent system of tunnels under the principal streets of Pittsburgh for the delivery of freight.

The advertisement of the intended application for the charter was made yesterday. The application will be made June 10 at Harrisburg and the company will be known as the "Freight Tunnel Company." The authorized tunnels are to underlie every important downtown street, Penn and Liberty avenues to Twenty-eighth street, pass under the Monongahela river opposite Wood and Water streets, run under Carson street to South Thirty-fifth street; under the Allegheny river from Eighth street and Duquesne way and along important streets on the North Side.

The proposition has its origin in the similar plan which is just being completed in Chicago. Senator Flinn, with other Pittsburghers interested in the Pittsburgh and Allegheny Telephone Company, inspected the Chicago tunnels last week, and from what was seen then came the present idea for Pittsburgh.

Operate Cars by Electric Power.

As built in Chicago the tunnels are about seven feet square. In them are operated freight cars propelled by electric power applied by the cog system. These cars will deliver from the railroads and factories to various parts of the city freight. They will carry packages as large as will go into the door of the ordinary box car on steam railroads. The Chicago tunnels are to start operating in about a month.

"So far our plans are not fully determined," said Ralph E. Flinn last evening. "They will be worked out as fast as possible. The first step is to secure the charter. The determination of what parts of the authorized routes will be used at once will follow. I cannot say now whether it will be necessary to ask the city councils for a franchise. The traction tunnel under Mt. Washington did not need such a franchise, the state charter being all that was necessary.

Will Go Where Needed.

"The object of the tunnel lines is to deliver freight to stores, etc., and the decision as to which roads will be built will depend upon the outcome of investigation as to the places where such service is needed and where the business can therefore be had. The securing of the charter now gives us a chance to get in first on the ground and to develop the business. The financing of the project and the engineering details are matters for later consideration."

The project is an entirely new one here. It means the removal of hundreds of teams from Pittsburgh streets and the consequent freeing of the downtown thoroughfares from much of the congestion that make life and limb unsafe at certain hours of the day. It also takes the place of the freight service by trolley lines, which was started some years ago, but was nipped in the bud by energetic action on the part of the Pennsylvania railroad.

Details of the Routes.

The full outline of the routes, as named in the application for the charter, follows:

In the city of Pittsburgh, beginning under the intersection of Water street and Try street, thence along and under Water street to Grant street, Grant street to Seventh avenue, Seventh avenue to New Grant street, New Grant street to Liberty avenue, Liberty avenue to Twenty-eighth street, Twenty-eighth street to Penn avenue, Penn avenue to Water street, Water street to Grant street; also along and under Liberty avenue from Water street to New Grant street; also along and under Duquesne way from Water street to Eleventh street, along and under Fifth avenue, Second avenue, Third avenue, Fourth avenue, Diamond street, Fifth avenue, Oliver avenue, Sixth avenue and Seventh avenue, from Grant street to Liberty avenue; also along and under Ferry street, Market street, Wood street and Smithfield street, from Water street to Liberty avenue; also along and under all the streets leading from Liberty avenue to Duquesne way or the Allegheny river between Water street and Twenty-eighth street; also from under the intersection of Water street and Wood street; thence under the Monongahela river to Carson street; thence along and under Carson street to South Thirty-fifth street; also beginning under Duquesne way at the intersection of Eighth street, thence under the Allegheny river to Sandusky street, in the city of Allegheny; thence along under the following streets in the city of Allegheny: Sandusky street to Ohio street, thence along and under Ohio street to Chestnut street, thence along and under Chestnut street to River avenue, and to construct and maintain the necessary approaches to said tunnel of passageways and for these purposes to have, possess and enjoy all the rights, benefits and privileges of the said act of assembly and its supplements.

New York Republicans Want Root.

NEW YORK, May 20.—(Special.)—Elihu Root's boom for governor received a strong impetus at the meeting of the Republican state committee in the Fifth Avenue hotel today. While Gov. Odell remained non-committal, his closest friends seemed changed in favor of Root. Senator Platt's friends said the rank and file favors Root.

Missouri Banker Shot on Street.

NEVADA, MO., May 20.—R. T. Wall, a wealthy banker and merchant, of Richards, a village 12 miles northwest of here, was shot and killed on the street there today, by Dr. J. T. Todd, a former member of the Missouri legislature. Todd surrendered to the officers and stated that he killed Wall in self-defense.

Returns All in and Balanced Up.

TREASURER COLLINGWOOD MAY LOSE SOME OF HIS FEES

Supreme Court Decides Treasurers Cannot Retain Commissions.

THEY GO TO COUNTY

Opinion Relates to the Collection of the Personal Property Tax for State.

THE COMMISSIONERS WILL ACT

County Treasurer D. F. Collingwood will doubtless be called upon to refund to the county fees paid him by the state for the collection of personal property tax and the tax on municipal loans. The supreme court has decided that treasurers of counties having a population of over 150,000 are not entitled to these commissions. Last year the fees amounted to $5,633.06.

The decision is written by Justice Dean and concurred in by Justices Fell, Brown and Mestrezat. There is also a dissenting opinion by Chief Justice Mitchell and Justice Thompson. The case was that of the city of Philadelphia vs. Clayton McMichael, city treasurer. Advance copies of the decision reached Pittsburgh yesterday. As it is within the province of the commissioners to proceed against Treasurer Collingwood, Commissioner Mercer was shown the opinion. When he had read it he said: "This question has been before us many times in connection with all fee offices. As this is the first I have heard of this decision, I cannot say positively what will be done. We will, of course, refer the matter to our attorney for advice. When we have ascertained our duty, it will be done."

Treasurer Has Fat Office.

The salary of the treasurer is $6,000 per annum. In order to give an idea of the income from the office, the estimated income of last year is given:

Salary	$ 6,000 00
Commission on personal property tax	5,633 06
Estimated commissions on delinquent mercantile tax collected	8,000 00
	$19,633 06

The decision of Justice Dean does not deal with the commissions for delinquent mercantile tax. The treasurer is paid 50 cents for each collection. It is estimated this year that there will be 16,000 delinquents turned over to him. This would bring in a fee of $8,000. The commissions on personal property tax for this year will be about the same as last. It is probable that the county will endeavor to secure a decision on the mercantile commission.

Treasurer McMichael went into office in January, 1898, and served three years. The city's claim to collect the back commissions was based on section 5, article 14, of the constitution, which reads:

The compensation of county officers shall be regulated by law, and all county officers who are or may be salaried shall pay all fees which they may be authorized to receive, into the treasury of the county or state, as may be directed by law. In counties containing over 150,000 inhabitants all county officers shall be paid by salary.

McMichael denied the applicability of the section on the ground that the services for which the commissions were received by him were not rendered in the performance of his duties as city or county treasurer, but as agent for the state. This claim was backed by the decision of Justice Allison in 1889.

Justice Dean's opinion is very lengthy and discusses the various decisions given on cases somewhat similar. They show that he has always been of the opinion that the fee system is sustained only where the state gives a special compensation for a special duty. "That is not this case," says the justice. "We never did and do not now approve of all the language adapted by Judge Allison in vindication of his judgment in the city of Philadelphia vs. Martin." This case has always been cited in defense of the fee system. The decision of Justice Dean overrules this opinion. In part, Justice Dean says:

"We have in several cases pointed out, as has the court below, what Phila. vs. Martin does and what it does not decide; we hope this is the last time it will be urged upon our attention as holding that the fees of county officers can have any other destination than the county treasury.

It will be noticed that, through most of the years that the act of 1876 carrying into effect the constitution has been in force, county officers have been dissatisfied with it, and have sought to narrow and restrict it, yet as was said by Judge Thayer in Pierle vs. Phila., Supra.: 'The prohibition of the receipt of fees for their own use and the regulation of their compensation by fixed salaries exclusively could hardly have been expressed in plainer language than that which is written in the constitution. It is impossible for any ingenuity to prevail against it.' The judgment of the court below is affirmed.

Justice Mitchell Dissents.

Chief Justice Mitchell wrote the dissenting opinion. He says, in part:

I would reverse this judgment for three reason. The first, which is technical, is that the action is too late. The appellant's accounts with the state have been settled, the settlement has not been appealed from, and is not now open to question in any other way than that which the statute provides.

The second reason is also technical, but insuperable. The city has shown no title to the money in the hands of the appellant. The tax was imposed by the state on the county, and it was held in Com. vs. Philadelphia county, that the treasurer acts on behalf of the county until actual payment into the state treasury, so that the county is liable for the loss by embezzlement of its treasurer before such payment.

But thirdly, waiving all technicalities, and on the broad ground of the substantial merits, the case is with the appellant. Notwithstanding the criticisms passed upon Philadelphia vs. Martin, and the efforts to restrict its application, I am of the opinion that it was rightly decided, that it should be followed, and that it rules this case. In Knisely vs. Cotterel, it was said:

"There is no prohibition to the state to impose additional duties to itself on city officers virtute officii. The state may appoint its own agents to collect its own tax even though such agent be also for other purposes a municipal officer, and his duties as state agent will not necessarily blend, to become part of his duties as a city officer."

This was what the state did in the present case, and the effort to reach a contrary conclusion, however desirable the result may be on grounds of public policy, does not appear to me to rest on sound construction of the statute of the constitution.

SENATOR QUAY BETTER.

Physician Gives Encouragement and His Brother Says He Is Gaining Strength.

WASHINGTON, PA., May 20.—(Special.)—But little change if any was noted in the condition of Senator M. S. Quay today. He spent a cheerful, quiet day in his room, after having enjoyed a good night's rest. Richard Quay, his son, came out to Morganza this morning, and was with the senator the greater portion of the day. He seemed encouraged by his father's seeming improvement. He was the only visitor admitted to Morganza.

Jerome Quay stated tonight that his brother was gaining strength as rapidly as could be expected. The attending physician stated that the senator's health was better than it has been for several days.

EAST END RESIDENCE ROBBED OF JEWELRY

Two Families Suffer Losses. Mysterious Burglary in Business Office.

Another robbery has been added to the already long list of housebreakings in the East End. Thursday night, between 8 and 11 o'clock, 507 North St. Clair street, which is occupied by two families, was entered and several hundred dollars' worth of jewelry taken. The police plead ignorance of the case, and even the occupants of the burglarized house last night denied that they had lost anything.

Joseph Armel, superintendent of a lubricating plant at Thirty-fourth street, and his wife, occupy the second floor, while the remainder of the house is occupied by the family of John McCartney, who rents the property. Both families were out Thursday night. Armel was the first to return. Upon entering his bedroom he discovered that his watch had been taken and Mrs. Armel missed a necklace. The McCartneys were relieved of an opal and diamond ring. Entrance to the house was gained through a side window. A pantry door was jimmied. The thief, or thieves, escaped through the kitchen door, leaving it open.

Mystery surrounds the robbery committed in the offices of the Liberty Lubricating Company, Ellsworth avenue and Pennsylvainia railroad, some time Thursday night, when a safe was opened and $135 in cash and papers, contracts and a ledger taken. The safe was not blown. From its condition the police believe that it could not have been locked and that professional cracksmen had nothing to do with the job. The window panes were found shattered, but the glass was lying on the ground. The three detectives on the case say that the window was broken from the inside after the robbery was committed.

VILLAGES SWEPT AWAY.

Many Lives Believed to Have Been Lost in Cloudburst in Colorado.

DENVER, COL., May 20.—A cloudburst at the head of the Cache la Poudre river caused that stream to overflow its banks and meager reports received here indicate that great damage has been caused by the flood.

The rush of the flood caused the dam, which holds the water of Livingston lake, 65 miles above Fort Collins, to break, and this added volume of water swept down the Cache la Poudre, practically wiping out the towns of Livermore and Laporte. It is reported that one person was drowned at the former place. At Fort Collins the river, which normally is about the width of the average mountain river, is now over a mile wide, and the Russian settlement, consisting of about 300 families, is inundated.

A number of the frame dwellings of these people have been swept from their foundations. In several instances, the occupants were unable to make their escape and were carried along.

Dalzell Back from Cruise.

WASHINGTON, May 20.—(Special.)—William H. Moody, secretary of the navy, returned to Washington yesterday from a cruise in the Caribbean on the United States steamship Dolphin with a party including Senators Hale, Bacon and Penrose; Representatives Meyer, Dalzell and Hemenway, Havana and Guantanamo, Cuba, New Orleans and Pensacola were visited.

Pittsburgher's Marriage Revealed.

ST. LOUIS, May 20.—(Special.)—J. A. Hoff of Pittsburgh and Miss Rose Gickel of Collinsville, Ill., went to Greenville, Ill., and were married by the Rev. W. B. Minton. They intended to keep it secret a year, but the marriage license clerk told.

THIRTEEN LIVES LOST IN WRECK OF THE TURRET BAY

Struck on Rocks in Dense Fog and Sank While the Crew Were Cutting the Boats Clear—Mistook Fog Horn for Steamer Whistle.

[Associated Press Cable to The Gazette.]

NORTH SYDNEY, N. S., May 20.—The worst marine disaster in the history of the St. Lawrence river coal trade occurred today off Cape North, the northernmost point of Cape Breton, when the British steamer Turret Bay, laden with coal and bound from Sydney to Montreal struck on the rocks off St. Pauls island and sank in deep water 20 minutes later, causing a loss of 13 lives. Only nine men from a crew of 22 were saved.

The dead:

J. W. HAYDEN, Captain.
M. A. M'CARRA, first officer.
B. F. GRAY, second officer.
W. H. ADAMS, chief engineer.
H. S. MATTHEWS, second engineer.
GEORGE JOHNSON, boatswain, together with the steward, name unknown; cook, mess room boy, two firemen, a seaman and a helper.

According to the government agent at St. Pauls island the steamer struck near Southwest Light about 8:39 o'clock this morning. A dense fog prevailed at the time and the sea was running mountains high. Almost immediately the Turret Bay backed off into deep water, but sank within 20 minutes.

The crew attempted to cut the boats clear, but while thus engaged the vessel plunged down, bow first, carrying every man aboard with her. Some of the men of the steamer struggled to the surface and clung to floating pieces of wreckage. Fourteen persons were taken off the wreckage by the lifesaving crew that put out from the island, but five of them died before reaching the island.

The survivors say that they did not know that they were in danger until the vessel struck. The fog was so thick that the shore could not be seen, hearing the fog horn at the lighthouse they mistook it for the whistle of another steamer.

The disaster occurred 19 miles north of Cape North. There is a lighthouse on the northeast point of St. Pauls island and also one on the southwest point, and a steam fog whistle is situated near the southwest light. It was this whistle that the crew of the Turret Bay heard.

The Turret Bay was owned by William Peterson, limited, of New Castle on Tyne, and under time charter to the Dominion Coal Company, was carrying coal from Sydney to Montreal. The steamer was built in 1894 at Southerland and was a steel ship of 287 feet and gross tonnage of 2,211. Capt. Hayden, her commander, was a native of Waterford, Ireland.

PRESBYTERIANS FAVOR UNION

Vote on Relative Motion Passed by General Assembly—Committee's Report.

PITTSBURGHER IS HONORED

[Special Telegram to The Gazette.]

Buffalo, N. Y., May 20.—The two most inflammable subjects to come before the Presbyterian General assembly were unexpectedly introduced today amid great excitement. The matter of union with the Cumberland Presbyterian church was sprung in a motion to fix the time for the discussion next Thursday. The opponents of union, who are here today with long speeches, led by Dr. John Fox of the Bible society of New York, at once insisted on opening the debate next Monday morning. Stated Clerk Dr. William Roberts, chairman of the committee on union, became very warm and insisted on waiting to see the result of the discussion in the Cumberland Presbyterian assembly. After considerable warm discussion Dr. Roberts carried his motion.

When the subject of union with the Southern Presbyterian church was precipitated, the Rev. Dr. Teunis B. Hamlin of Washington City, introduced a resolution proposing to retract all aspersions made by previous assemblies on the Christian character of the Southern Presbyterian church, and wanting it transmitted at once to the Southern Presbyterian general assembly now in session in Mobile, Ala.

After long discussion the resolution was adopted with but one dissenting vote the assemblage singing, "Blest Be the Tie That Binds."

This result is interpreted to mean that the report in favor of union with the Cumberland Presbyterians and Southern Presbyterians will be adopted by a like vote. The report of the committee makes the following recommendations:

1—That such a change be made in the form of government of the Presbyterian church in the United States of America as will allow additional of separate presbyteries and synods to be organized in exceptional cases, wholly or in part within the territorial bounds of existing presbyteries or synods respectively, for a particular race or nationality, if desired by such race or nationality.

2—The foregoing basis of union and eight concurrent declarations shall be submitted to the respective General assemblies of 1904 and the above recommendations, numbered 1, shall be submitted to the General Assembly of the Presbyterian church in the United States of America, meeting in 1904; and this entire plan of union shall be operative when said basis of union, concurrent declarations and recommendation numbered 1 shall have been adopted in their entirety, and where necessary by Presbyterial action.

It is further recommended that the congregations throughout both branches observe Sunday, September 18, next, "as a day of fervent and united prayer to Almighty God that He would grant unto us all the spirit of counsel and might, the spirit or knowledge and of the fear of the Lord, and in the new relation now contemplated, enable us to keep the unity of the spirit in the bond of peace."

Lieut. E. E. Fulmer, a commissioner from Pittsburgh, a Spanish war veteran, was made secretary of the General assembly Grand Army of the Republic association, which proposes to hold a camp fire in Buffalo some night next week.

DALLAS, TEX., May 20.—The general assembly of the Cumberland Presbyterian church today postponed consideration of the report on church union until next Tuesday. The delegates are about equally divided on the subject.

MOBILE, ALA., May 20.—The following telegram from the northern assembly, signed by Moderator Henry, was read in the general assembly of the Southern Presbyterian church, and was followed by vociferous applause, today:

The general assembly of the Presbyterian church of the United States of America, in session at Buffalo, has adopted with only one dissenting vote, the following resolution:

First. Whereas, It is known that the general assembly of the Presbyterian church in the United States, (Church South) now in session at Mobile, Ala., has before it overtures from several of its presbyteries looking to closer relations with this assembly, and

Whereas, We earnestly desire to remove all obstacles to all such relations; now therefore be it

Resolved, That this general assembly of the United States of America (Church North) removes all aspersions and charges of any kind and every kind made by previous assemblies, reflecting on the Christian character of the Presbyterian church of the United States, (Church South) and is ready at any time to confer on the subject of closer relations, whenever such conference shall be agreeable to the general assembly of the United States (Church South).

WIFE OF A JUDGE EXPIRES ON TRAIN

Mrs. John M. Kennedy Succumbs to Paralytic Stroke on Way to Pittsburgh.

WANTED TO DIE AT HER HOME

To satisfy her wish that she might die in Pittsburgh, an effort was made yesterday to bring Mrs. Elizabeth Bayse Kennedy to this city, but she expired en route. She was the wife of Judge John M. Kennedy of common pleas court No. 3.

About four weeks ago the family moved to their summer home at Berkeley Springs, W. Va., with the intention of remaining during the summer months. Two weeks ago Mrs. Kennedy suffered a paralytic stroke and gradually grew worse. She realized she could not survive the attack, and expressed a wish that she be taken to her Pittsburgh home, "The Oaks," in Wilkins avenue. The judge secured a private car from the Baltimore & Ohio railroad and the party started from Berkeley Springs yesterday morning. They were due in Pittsburgh at 7:45 o'clock. On the car, besides the judge and Mrs. Kennedy, were a physician, two trained nurses and attendants.

As the train was ascending the Alleghany summit Mrs. Kennedy took a sinking spell. The physician considered her condition grave and administered stimulants, but without avail, as she expired, at 4 o'clock p. m., while the train was speeding up the hill at 40 miles an hour.

The train was stopped at Meyersdale and Miss Narcisse Kennedy, who returned from Berkeley Springs two days ago to prepare the home for the return of her mother, was notified of the death. Pittsburgh relatives and friends also met the train.

Mrs. Kennedy was born in Jefferson City, Mo., 64 years ago. She was a daughter of the late Judge Miller of that city. Judge Kennedy was a Pennsylvanian, but about 35 years ago moved to Jefferson City. He married Miss Miller 30 years ago and 26 years ago came to Pittsburgh.

Mrs. Kennedy was the mother of four children. John M., Jr., died three years ago last December, and George Bayse two years ago last October. David is a student in the Princeton university, and Narcisse is at home.

Fifteen years ago Mrs. Kennedy suffered a paralytic stroke, which affected her health permanently, but she recovered sufficiently to take charge of her home. Two years ago she suffered another stroke. The third stroke was fatal.

Mrs. Kennedy was a member of the First Presbyterian church and in her younger days, when enjoying sound health, was an ardent church worker. The funeral services will be held at the church on Monday afternoon.

Stole $27,000 in Jewelry.

ALBANY, N. Y., May 20.—The police, in a raid on a "crowler gang" resort today, caught two men, one of whom had $27,000 worth of jewelry in his possession or pawned, taken from the residence of Gen. Frederic de Peyster at Tivoli-on-the-Hudson, Monday night. They are Thomas King and William Johnson, who were identified as being seen near the house. Charles Murphy is under arrest, believed to be a third man. If the gang had dispersed, as ordered, the arrests would not have been made.

Illinois Convention Adjourns.

SPRINGFIELD, ILL., May 20.—Unable to end the gubernatorial nomination the Republican state convention adjourned today until 2 o'clock p. m. May 31. The convention suspended operations leaving each man's strength as follows: Gov. Yates 483 votes, Col. Frank O. Lowden 392, Charles S. Deneen 385, J. Hamilin 113, Vespasian Warner 53, Lawrence Y. Sherman 46 and John H. Pierce 29. All the candidates agreed to the 31 day recess.

Last Payment to Panama.

NEW YORK, May 20.—(Special.)—Payment by the United States government for the Panama canal purchase was completed today in the turning over of a treasury warrant for $9,000,000 to J. P. Morgan & Co., which this firm will next week probably pay to the representatives of the republic of Panama, when they arrive in this city. Already $1,000,000 of the $10,000,000 appropriated has been paid to the agents of the new republic.

WILL BUILD HOME FOR PENSIONERS

United States Daughters of 1812 Appoint Committee to Develop the Plan.

IMPORTANT MEETING HELD

The establishment of a home for its pensioners, descendants of the men who fought and the women who gave loyal support during the American war of 1812, is the work in which the Pennsylvania Society, United States Daughters of 1812, yesterday at its annual meeting decided to engage during the present year. Before the next annual meeting it is expected that the home will be opened and those who are being aided by the society will find an abiding place for the majority of them are becoming aged and infirm. In the state society are enrolled 11 real daughters of the war of 1812.

A committee appointed yesterday to establish the home, consists of Dr. Millie J. Chapman, Mrs. Edwin Z. Sullivan, both of Pittsburgh, and the local members of the state executive board, Mrs. Sullivan Johnson, Mrs. Joseph W. Marsh, Mrs. Robert T. Reineman, Mrs. William H. Reese and Mrs. Edward H. Ward.

This decision came as a result of the report of the work which Dr. Chapman, surgeon of the state society, made covering the work of relief. The state society contributes a small amount, last year less than $100, the services of the surgeon are given free and friends contribute supplies, the details being left entirely to the discretion of Dr. Chapman so that little of this branch of the work which the state society does ever becomes known to the public.

The meeting of the society opened yesterday morning at the Schenley with a special service prepared by the Rev. Dr. Edward H. Ward, rector of St. Peter's church, and chaplain of the society. It was followed by the presentation of reports. The choice of officers resulted in all the former officers being re-elected.

At the afternoon session Mrs. Minnie Ourey Roberts read an original poem, "The Unknown Dead at Lundys Lane," and a toast consisting of verses written by Miss Amy Rickey was read by Mrs. J. Palmer O'Neil. Mrs. Sullivan Johnson also contributed to the program by reading copies of several letters written at the time of Commodore Perry's victory on Lake Erie.

Luncheon was served between the morning and afternoon sessions by the Dolly Madison chapter. Covers were laid for 60 and the tables were decorated with pink and scarlet carnations and candelabra.

At 4 o'clock an informal reception was given in the parlors when the guests included members of various other patriotic societies. The formal exercises opened with the singing of the "Star Spangled Banner" by the choir of Christ Episcopal church.

Mrs. William Henry Sivter read an original poem, entitled "Pennsylvania" and dedicated to the new cruiser, to which the state society will present the large silver loving cup which was on exhibition yesterday afternoon.

Short addresses were made by Walter MacFarland, Mrs. William Wallace, Walter Merwin, Col. Robert Guthrie, Mrs. Samuel A. Ammon, James Marsh and James Hadden of Uniontown.

Mr. Hadden exhibited several relics, a medal presented to Mr. Beeson of Uniontown by the government for conspicuous service in the battle of Lake Erie, a flag carried by a soldier in that battle and a large number of photographs of Fort Necessity, Braddock's grave, Jumonville's grave, Fort Dunbar and Lundys Lane, which he had taken himself. These photographs were later given to the ladies present at souvenirs. Mrs. Frank H. Murdock introduced the speakers.

The Pennsylvania Society, United States Daughters of 1812, now has three chapters, the Dolly Madison, in Pittsburgh; the Keystone in Harrisburg and Old Ironsides in Media. It has an enrolled membership of 153. Three new chapters will be formed immediately, one in Uniontown, where there are nearly 200 people who are descendants of the war of 1812; in Waynesburg and in Philadelphia. Others will be organized in a short time in Lancaster, Meadville and Reading.

DR. GREGG PRESENTED WITH A LOVING CUP

He, Wife and Daughter Sail Today to Attend Pan-Presbyterian Council.

[By Private Wire to The Gazette.]

NEW YORK, May 20.—The Lafayette avenue Presbyterian church men's club tonight presented Rev. Dr. David Gregg of Allegheny, president of the Western Theological Seminary, a handsome loving cup, as a token of their love for him, as John N. Beach said in his presentation speech, and as the inscription on the cup states.

Dr. Gregg was completely surprised, and said if the cup could hold all the Monongahela—here there was a burst of laughter when Dr. Gregg said, "not the kind you fellows mean"—it would not be sufficient to hold the love I bear for you men. I shall cherish this cup as long as I live, and it shall be handed down to my children and to my children's children."

The Rev. Dr. Theodore L. Cuyler said that he had taken part in an interesting event earlier in the week, when the women of the church gave a token of their esteem to Mrs. Gregg, a beautiful traveling cup.

Dr. and Mrs. Gregg and their daughter Catherine sail for England tomorrow morning on the Campania. He is going as a delegate to the Pan-Presbyterian council in London. He will return on September 13. The seminary will begin its fall work at that time with a series of lectures by the Rev. Hugh Black, M. A.

ALEXANDER DODDS.

PLACED ON THE TRACKS BY TWO HIGHWAYMEN

Duchan Radojef, aged 30, is at the West Penn hospital under treatment for the amputation of his right arm. Radojef worked on Neville island and Tuesday night started for McKees Rocks. He was set upon by two men who knocked him down and robbed him of $2 30. He was unconscious and the highwaymen placed his body across the tracks of the Lake Erie railroad. A train ran over him and mangled his right arm.

Fireat Connellsville.

CONNELLSVILLE, PA., May 20.—Fire destroyed the feed and vehicle establishment of Dull & Company, Peach street, Connellsville, last night. The blaze was discovered about 10 p. m. in the hay and grain storage room, and is supposed to have been started by the sparks from a passing engine. The building was destroyed with 300 carriages and several cars of feed. It was only through the work of the fire department that the Connellsville theater was saved. The loss of Dull & Co. is estimated at about $18,000.

LITTLE GIRLS OF ALLEGHENY PUBLIC SCHOOL EXECUTE GUN-DRILLS KNOWN IN CIVIL WAR

Grizzled veterans of the Civil war sat in the auditorium of Carnegie library, Allegheny, last night, and watched a company of little girls executing gun drills that were in vogue at the time of the Rebellion. To almost 2,000 spectators it appeared only as a series of pretty and symetrical movements, but to the men who fought for the union 40 years ago it recalled times of hardship and stern discipline. The entertainment was given by the Girls' Brigade of the Sixth ward public school, and parents and children from every one of the 15 wards attended. It was given for the benefit of the War Veterans' Association of Allegheny, and this brought out several hundred Grand Army men. The brigade is in charge of Walter W. Shock. A feature of the affair was a pantomine representing "Old Glory" and "Protecting the Stars and Stripes." The gun drill was given under First Lieutenant Regina Morsbough. Miss Helen Cockran gave the butterfly dance and the fife and drum corps contributed to the evening's enjoyment. On Memorial day the Girls' Brigade will assist the veterans in decorating the soldiers' graves in Uniondale cemetery.

RAILROADS GREATEST FORCE FOR TEMPERANCE

Strong Assertion of Minister at Close of Epworth League Convention.

[Special Telegram to The Gazette.]

NEW CASTLE, PA., May 20.—The annual convention of the Epworth league of the New Castle district closed here at the Grace Methodist church tonight, with an address by the Rev. Dr. W. H. Rees of Pittsburgh. The Rev. A. O. Stone of West Middlesex opened today's session with a temperance address in which he said the railroads of the country are a greater force for temperance than are the churches, because the former will not employ men who drink.

The junior league of Fredonia won the banner for the society making the greatest gain during the year. Epworth church of this city and Grove City were close competitors. Prof. W. J. Snyder of Sharon discussed the attitude of the Epworth league in the war against liquor.

A new constitution was adopted which divided the district into four sub-districts, as follows: First district, New Castle, Hillsville, Edinburg, Harlinsburg and Wampum; Second district, Sharon, South Sharon, West Middlesex, Sharpsville, Clarksville and Pulaski; Third district, Grove City, Harrisville, Slippery Rock, Balm, Pardoe, Volant and Henderson; Fourth district, Mercer, Stoneboro, Sandy Lake, New Lebanon, Fredonia, Clarks Mills, Sale and Shakleyville.

METHODISTS SELECT TWO MORE BISHOPS

Burt and Neely Chosen—Conference Decides on More Missionary Bishops.

[By Associated Press to The Gazette.]

LOS ANGELES, May 20.—When the general Methodist conference adjourned tonight, seven of the eight bishops to be elected had been chosen, and the ballot, taken just before adjournment, probably has elected the eighth, although its result has not yet been announced. The list of bishops thus far chosen follows: Joseph F. Berry, of Chicago; Henry Spellmyer, of Newark, N. J.; William F. MacDowell, of New York; James W. Bashford, of Delaware, Ohio; William Burt, of Rome, Italy; Luther B. Wilson, of Baltimore, and Thomas B. Neely, of Philadelphia. The election of the eighth bishop is now thought to lie between Dr. J. R. Day and Dr. R. J. Cooke, of Chattanooga.

The conference voted in favor of the election of an additional missionary bishop for Africa and two for Southern Asia, with the probability of deciding for one for Japan and Korea.

The sub-committee of the of the committe on education reported that no heresy existed in any of the theological schools as charged, but recommended great care in the selection of professors.

HARD AFTER LIBRARY.

Banquet by Homewood Board of Trade Had Pet Project for Its Theme.

The Homewood board of trade is now working with all its might to secure its proposed branch library, the ground for which was purchased some time ago. At the fourth annual banquet of the organization, held in the Belmar school rotunda, Lang avenue, last evening, the library project was the principal theme of all speakers and the discussions spurred the members to more activity. Prof. Arthur A. Hamerschlag was the first speaker. His subject was "Education for Producers." Although he made no statements regarding the library project directly, he lauded the enterprise and approved it in a way that brought liberal applause.

About 150 members of the board were present. The tables were arranged in T shape and the rotunda, in which the banquet was held was beautifully decorated. The East End, Oakland and Hilltop boards of trade were represented. James M. Clark was toastmaster.

The speakers, aside from Mr. Hamerschlag, were Dr. W. B. Cathcart, Charles H. Chance, the Hon. Charles H. Kline, George W. Wilson, Dr. A. R. Matheny, J. F. Miller, F. I. Gosser, the Rev. Coleman E. Byram, the Rev. J. T. Bender and J. B. Youngson. The invocation was by the Rev. Dr. J. L. Smith. The banquet committee consisted of John A. Harbaugh, Charles A. Bingaman, E. McDougall, John Taylor and N. F. Savage.

DEPUTY CONSTABLE SHOT AND KILLED

SOMERSET, PA., May 20.—At Garrett at 7:30 o'clock this evening an unknown Italian shot and instantly killed Samuel Snow, a deputy constable, who was endeavoring to place him under arrest. The Italian who is alleged to be an employe of the Garrett Coal Company, appeared upon the streets of Garrett carrying firearms contrary to a municipal ordinance passed since the outbreak between strikers and non-union men at that place on March 18. Snow, who had been made a deputy, and Constable "Bob" Phinice pursued him when he started to run. Just as Snow was about to place his hands on him he drew his revolver and shot the officer through the heart. Snow lived for two or three minutes. The Italian escaped. All Garrett was in an uproar in a few minutes following the shooting. A party of men led by Constable Phinice continued the pursuit of the murderer, but abandoned it when the Italian plunged into Buffalo creek and waded to the other side.

ROCKEFELLER ENDS TRIP OF INSPECTION

Left for New York With W. E. Corey—Entertained at Luncheon by James McCrea.

After spending a second day in Pittsburgh, which was mostly devoted to pleasure, John D. Rockefeller, Jr., left yesterday afternoon at 4:45 o'clock over the Pennsylvania railroad for New York. He traveled in the Pennsylvania private car No. 6 and was accompanied by W. E. Corey, president of the United States Steel Corporation, who came from New York Thursday morning with Mr. Rockefeller.

Of the many rumors as to the visit of the great financier, none has been verified. On the other hand, the report that Mr. Rockefeller was here to arrange peace between the Wabash and Pennsylvania, as well as to transfer the Pittsburgh line of the Wabash to the Pennsylvania, was denied by Joseph Ramsey. Robert Pitcairn, resident assistant to President Cassatt, said yesterday that the story was absurd. It is believed that Mr. Rockefeller came to Pittsburgh as the guest of Mr. Frick, partly for business and pleasure. He had never visited the city before and was anxious to see the industrial development, the steel plants and railroad terminals.

About noon yesterday, accompanied by Mr. Frick, Mr. Rockefeller was driven to the Frick building. He was joined by W. E. Corey, and the three gentlemen held a conference of about an hour's duration.

At 1:30 o'clock James McCrea, first vice president of the Pennsylvania lines, gave a luncheon at the Pittsburgh club in honor of Mr. Rockefeller. Those present, in addition to the honor guest, the host and Mr. Frick, were F. J. Hearne, B. F. Jones, J. J. Turner, H. G. Brown, Harvey Childs, James Brown, George M. Laughlin, Joseph Wood, J. M. Schoonmaker, J. R. McGinley, ex-Judge J. H. Reed, A. W. Mellon, A. M. McCrea, A. C. Dinkey, Robert Pitcairn, C. A. Painter and E. W. Gates of New York. A short reception preceded the luncheon and afterward Mr. Rockefeller was taken for a trip up the Allegheny river in the private yacht of Mr. Painter. Immediately upon returning to the city Mr. Rockefeller walked to the union station and boarded his car.

CLAIRTON TRANSFER TODAY

Papers Did Not Arrive in Time for Formal Action Yesterday.

NEW YORK, May 20.—(Special.)—An unexpected delay occurred today in the formal transfer of the Clairton Steel company to the control of the United States Steel Corporation. Papers, which were expected to arrive from Pittsburgh, did not reach New York in time for today's conference between the Union Trust Company representatives and the corporation's finance committee, and as a result the final negotiations will not take place until tomorrow morning at 10 o'clock.

Attorney James H. Beal, who represents the Pittsburgh interests, tonight said there was no hitch in the negotiations and that all matters would be closed tomorrow.

ROTHSCHILD GUILTY.

Jury Convicts Ex-Banker and He Will Be Sentenced on Monday.

NEW YORK, May, 20.—(Special.)—David Rothschild, who, as a result of the disclosures following the suspension of the Federal bank and the Globe Security Company, was arrested on a charge of grand larceny, was today convicted by the jury of grand larceny in the first degree. The extreme penalty for this is ten years in prison.

Recorder Goff remanded him until Monday, when sentence will be imposed. The jury was out three-quarters of an hour.

Distress After Eating

Nausea between meals, belching, vomiting, flatulence, fits of nervous headache, pain in the stomach, are all symptoms of dyspepsia, and the longer it is neglected the harder it is to cure it.

Hood's Sarsaparilla and Pills

Radically and permanently cure it—strengthen and tone the stomach and other digestive organs for the *natural* performance of their functions.

Accept no substitute for Hood's.

"I had dyspepsia twenty-five years and took different medicines but got no help until I began taking Hood's Sarsaparilla. Have taken four bottles of this medicine and can now eat almost anything, sleep well, have no cramps in my stomach, no burning and no distress." Mrs. William G. Barrett, 14 Olney St., Providence, R. I.

Hood's Sarsaparilla promises to cure and keeps the promise.

BARRETT MAKES STATEMENT CONDEMNING OWN COURSE

Made Mistake in Practicing Before Tyner, Putting Him in Wrong Light.

[By Associated Press to The Gazette.]

WASHINGTON, May 20.—At the opening of the Tyner-Barrett conspiracy case today William D. West, C. H. Rudolph and Irwin B. Lincoln, prominent Washington business men, testified as to their long acquaintance with Mr. Barrett and to his excellent reputation. Early in the trial it had been testified that Barrett had received about $40,000 for services before the postal department. He said that more than half was obtained from practice not before Gen. Tyner.

Mr. Barrett made a statement, in which he said he now sees that it was unwise for him to engage in practice before Gen. Tyner and thus place his uncle in a position where his decisions might be misconstrued.

Maj. Conrad, on cross-examination, ascertained that Mr. Barrett had no trial experience when he formed a partnership with Mr. Helms. Maj. Conrad dwelt on the fact that Barrett had sent two letters bearing on one case, one to Tyner's residence and the other to his office, on the same day. Mr. Barrett, admitting that one letter was of a personal character, said he thought there was nothing improper about it.

VISITS OLD HOME IN WALES.

The Rev. J. M. Jones Given a Farewell Reception by His Congregation.

The Rev. J. M. Jones, who has been pastor of the Welsh Baptist church of Chatham street for many years, was given a farewell reception last night by his congregation to mark his departure soon for a trip to Wales, his native country. Mr. Jones was presented by his congregation with a silk hat and a pair of field-glasses, which he promised to make good use of on his trip.

Mr. Jones will sail on May 25 and will be gone three months. His aged mother, three sisters and two brothers, who are ministers, live in Wales. He will also visit a number of relatives of members of his flock.

Mr. Jones has not been in Wales for 14 years. Addresses were made last night by prominent members of his congregation to which the pastor responded in a happy vein.

POST'S RECEPTION A GREAT SUCCESS

Fully 4,000 People Were Entertained in the "Only's" New Home.

PLANT WAS IN OPERATION

The magnificent new home of the Pittsburgh Post, at Wood street and Liberty avenue, was last night thrown open for public inspection at a reception tendered the many friends and subscribers of the paper by its management. Fully 4,000 persons took advantage of the opportunity to visit a modern newspaper plant in operation, and nothing was left undone to make the visit both pleasant and instructive.

The guests were met at the door by representatives of the paper and escorted through the handsome new business offices. The press rooms in the basement were next visited, and there the guests witnessed the great sextuple color presses in full operation. The mailing room, with its neatly uniformed employes, from where the papers are sent to all parts of the world, was also one of the interesting features.

From the basement the visitors were taken direct to the stereotyping room on the third floor. There they were shown the metod by which the metal forms used on the presses were made.

The composing room, with its score of linotype machines, where the paper is "set up," was explained to the visitors by the corps of polite employes.

The editorial department on the second floor was the chief center of interest. The large, roomy offices had been tastefully decorated with ferns, palms and cut flowers, and from behind a floral screen an orchestra rendered a select program.

There President Albert J. Barr, Secretary Francis X. Barr, Managing Editor Joseph S. Myers, Night Editor John C. Gregg and City Editor John H. Dailey received the visitors. At one end of the spacious local room a delightful buffet luncheon was served.

The visitors were shown how the local news of the day is collected and put in shape for publication. In the telegraph room the editors were busy fixing up column after column of foreign news. The guests were given a thorough insight into the care and labor incidental to the getting up of a big daily newspaper.

TEMPORARY INJUNCTION AGAINST R. R. DISSOLVED

BEAVER, PA., May 20.—(Special.)—Judge J. Sharpe Wilson today handed down an opinion dissolving the temporary injunction granted to the borough of Rochester restraining the Fort Wayne Railroad Company from using Island lane in widening its tracks. The borough wished to retain a frontage on the Beaver river in the event of the stream being slackwatered. The borough made the case one of ejection instead of an equity suit, and Judge Wilson held that he had no jurisdiction. As soon as the injunction was dissolved the railroad began the work of widening its tracks.

HERO FUND BONDS ARE TRANSFERRED

Andrew Carnegie's $5,000,000 Gift Is Operative Only After April 15, 1904.

COMMISSION ADOPTS LAWS

By the adoption of the report of a committee on organization, the Carnegie Hero Fund Commission, at a meeting yesterday afternoon in the Carnegie building, was formally organized. Pursuant to the by-laws presented as a part of the report by Thomas Lynch, chairman, and adopted, the fund becomes operative from April 15, 1904, the date of the acceptance of the trust of $5,000,0000 and no applications on account of heroic acts performed prior to that date will be considered. Applications subsequent to that date cannot be acted upon until rules and regulations are adopted. This will be done as soon as possible, although a year's time may be required.

The chief business done was the adoption of resolutions prepared by a committee of which Dr. W. J. Holland was chairman. They will be engrossed, signed by the commission and forwarded to Andrew Carnegie. They are as follows:

Praise for Andrew Carnegie.

Whereas, Andrew Carnegie, by his deed of gift, dated March 12, 1904, and witnessed by Mrs. Louise Whitfield Carnegie, has with more than princely generosity set aside from his fortune the sum of $5,000,000 for the purpose of recognizing in a suitable manner heroic efforts to save human life made by those following peaceful vocations, to relieve those injured in making such efforts, and to provide for their widows and orphans in cases where life may have been sacrificed, and to aid to some extent those who may be injured by accident in future great catastrophes or disasters, and

Whereas, Andrew Carnegie has named the undersigned as the first members of the Carnegie Hero Fund commission, charged by him with the important duty of administering the trust created by him for the purposes above mentioned; therefore, be it

Resolved, That we express to Mr. Carnegie our grateful appreciation of the high honor which he has conferred upon, and the confidence reposed in us, in entrusting the execution of his plans and purposes to our keeping, and thus permitting us and our successors in the trust to share with him to some extent in the inestimable privilege of doing good to our fellow men.

Resolved, That we individually and collectively desire to express to Mr. Carnegie our sense of the great benevolence displayed by him in this gift, which for the purposes designated is altogether without parallel in the history of human beneficence.

Resolved, That we believe the action of Mr. Carnegie is calculated to foster in the minds of the people of the countries named in his deed of gift a sense of their brotherhood and to promote among them the spirit of self-sacrifice, which is one of the most exalted traits of the highest civilization.

Looking to Era of Peace.

Resolved, That we appreciate the nobility of his purpose in confining the operation of this fund to those who have shown true heroism in the peaceful walks of life, by which act he consistently testifies to his ardent desire for the coming of that better day when men shall forget the arts of war and shall seek for peace and good will throughout the earth.

Resolved, That in accepting this trust we pledge ourselves to the sincerest endeavor to administer it according to the best of our knowledge and ability, and with the purpose of realizing, so far as possible, the hopes and aims of the generous founder of the fund.

As provided for by the bylaws, the following additional officers were elected: W. J. Holland, vice-president, J. H. Reed, treasurer, and F. M. Wilmot, manager of funds. President C. L. Taylor, who presided, then appointed the following standing committees, of all of which he is an ex officio member:

Endowment Has Been Received.

Finance committee—John B. Jackson, chairman; William N. Frew, James H. Reed, William Abbott, Frederick C. Perkins.

Executive committee—W. J. Holland, chairman; W. W. Blackburn, E. H. Anderson, Thomas Morrison, F. M. Wilmot.

Membership committee—Robert Pitcairn, chairman; Joseph Buffington, E. M. Bigelow, H. Kirke Porter, Thomas Lynch.

Auditing committee—William Scott, chairman; C. C. Mellor, T. N. Miller, W. N. Stevenson, W. L. Scaife.

The president reported that the commission now has custody of the $5,000,000 United States Steel first mortgage bonds, the date of delivery being May 13.

The organization committee, consisting of Thomas Lynch, chairman; Joseph Buffington, J. H. Reed, Charles L. Taylor and F. M. Wilmot, was continued, with the addition of Messrs. W. J. Holland and W. W. Blackburn, to adopt regulations for the government of the fund. This the committee has been unable to do. All members of the commission were present excepting W. N. Frew, W. L. Abbott, E. M. Bigelow, Thomas Lynch and C. C. Mellor.

YELLOW ROW GETS INTO COURT IN EQUITY SUIT

City Asks Permission to Raze Second Avenue Buildings If Owners Don't Repair Them.

The city of Pittsburgh, through Attorneys William B. Rodgers and L. S. Levin, will take preliminary steps this morning to eradicate "Yellow Row," in Second avenue. A bill in equity in the nature of a complaint will be filed in court of common pleas No. 2 today, asking that the owners of the property be compelled to repair the houses, or the city be given the privilege of destroying them. The complainant for the city is Director Moore.

The bill alleges that under the existing laws the city is vested with police power to condemn structures unfit for human habitation and dangerous to the public health, security and welfare. It names John Nicholson, Jr., George Nicholson, Mrs. Emma McLoney and Mrs. Ada Clark as defendants, and states they are owners of the buildings running from 641 to 659 Second avenue.

Director Moore alleges the officers connected with the bureau of building inspection have made a careful examination of these structures and found them unfit for human habitation, dangerous and unsafe as tenements, and condemned them. John Nicholson, Jr., who is in charge, has been notified and requested to put them in proper and safe condition.

The director also declares the places are a public nuisance, and asks the court to compel the defendants to either remove them or put them in a safe condition, in default of which the city may be given permission to raze them.

LAST DAY.

Praise for La Savoie.

The passengers on board the steamship La Savoie of the Compagnie Generale Transatlantique embraced a very distinguished party, and were so pleased with this magnificent steamship and the service that they sent to the president of the board of directors at Paris the following telegram, which is signed by the archbishop of St. Boniface, Mme. Emma Calve and other well-known passengers: "The ladies and gentlemen, passengers on board La Savoie, whose names follow, beg to tender their thanks for the very excellent initiative your had when you placed on board an orchestra composed of artists as gifted as the ones we had the pleasure of hearing during our voyage, that was only too short. They also avail themselves of this opportunity to state how everyone on board did his utmost to render the trip as agreeable as possible, and they are only too happy to communicate to you their sentiments on this subject."

BIG PREMIUM ON PITTSBURGH BONDS

Profit of $62,250 Realized on Sale of $822,000 of Municipal Securities.

ONE FIRM'S BID REJECTED

Pittsburgh sold $1,122,278 of municipal bonds yesterday afternoon, receiving one of the highest premiums paid in the history of the city. The sinking fund commission of the city took $800,278 of the loan at par, the bonds bearing 4 per cent interest. This was in accordance with an ordinance which requires any surplus on the sinking fund to be used for that purpose. The balance of the bonds, amounting to $822,000, were sold to a New York firm of bond buyers, Blodgett, Meritt & Co., at a premium of $62,250.06.

N. Holmes & Bro. of Pittsburgh bid very close to this, offering $61,074.60. The Pittsburgh Trust Company also had a close bid, offering a premium of $58,172.04.

The premium of Blodgett, Meritt & Co., the successful bidder, was at the rate of $107,573 for $100. At this rate the bonds bearing 4 per cent interest will net the bidder an interest of 3.40 per cent. This is the first lot of Pittsburgh bonds that Blodgett, Meritt & Co. has secured.

The bid of one firm, Mason, Lewis & Co. of Chicago, was rejected because the firm failed to comply with the rule requiring the checks to be drawn upon a national bank. Each bidder was required to deposit with his bid a certified check on a national bank for 5 per cent of the total amount of the bid.

The award was made by the finance committee of councils and the controller, represented by Assistant Controller Morrow. Promptly at 3 p. m. the bids were taken from a pasteboard box which had been sealed. The committee and the assistant controller by vote awarded the bonds to Blodgett, Meritt & Co. There were eleven bids, as follows, each bid representing the total amount of the bonds bid upon and the premium: Blodgett, Meritt & Co., New York, $884,250.06; N. Holmes & Bro., Pittsburgh, $883,074.60; R. L. Day & Co. and Esterbrook & Co., New York, $881,833.38; Pittsburgh Trust Company, $880,172.94; N. W. Harris & Co., New York, $879,611.25; Municipal Corporations Securities Company, N. W. Halsey and Dudley S. Harde, New York, $877,707.36; Vermilye & Co. and Blake Bros. & Co., New York, $874,185.78; A. E. Masten & Co., Pittsburgh, $874,000; Parkinson & Burr, Boston, $870,128.10; Mason, Lewis & Co., Chicago, $867,785; Dominick & Dominick, New York, $833,293.18.

The bonds are being printed in New York, and before they are accepted finally by the successful bidder the attorneys for the company will pass upon all legal questions connected with the issue. The proceeds are for the payment of judgments, assessments and claims against the city.

Girl Outwitted Her Parents.

Congratulations are being received by Mr. and Mrs. W. Perry Lemley, who have announced their marriage. The parents of the bride, who was Miss Florence E. Myers of Belmar place, East Liberty, objected to their daughter's marriage, but, with the assistance of friends, Miss Myers packed her clothing in a suit case and each evening slipped it to the window of the house next to her former home. On Saturday night the couple went to Duquesne Heights and were married by the Rev. H. M. Chalfant, pastor of the Methodist Episcopal church. They are now making their home in apartments in Wilkinsburg.

PSORIASIS AND ECZEMA

Milk Crust, Scalled Head, Tetter, Ringworm and Pimples

COMPLETE TREATMENT, $1.00

For Torturing, Disfiguring Humours, From Pimples to Scrofula, From Infancy to Age.

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of the scalp, as in scalled head; the facial disfigurement, as in pimples and ringworm; the awful suffering of infants, and anxiety of worn-out parents, as in milk crust, tetter and salt rheum—all demand a remedy of almost superhuman virtues to successfully cope with them. That Cuticura Soap, Ointment and Pills are such stands proven beyond all doubt. No statement is made regarding them that is not justified by the strongest evidence. The purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy have made them the standard skin cures and humour remedies of the civilized world.

Complete treatment for every humour, consisting of Cuticura Soap to cleanse the skin, Cuticura Ointment to heal the skin, and Cuticura Resolvent Pills to cool and cleanse the blood may now be had for one dollar. A single set is often sufficient to cure the most torturing, disfiguring, itching, burning and scaly humours, eczemas, rashes and irritations, from infancy to age, when all else fails.

Sold throughout the world. Cuticura Resolvent, 50c (in form of Chocolate Coated Pills, 25c. per vial of 60), Ointment, 50c., Soap, 25c. Depots: London, 27 Charterhouse Sq.; Paris, 5 Rue de la Paix; Boston, 137 Columbus Ave. Potter Drug & Chem. Corp., Sole Proprietors.

USE OF CITY MONEY FOR RACE TRACK OPPOSED

Burns Objects, but Appropriation of $15,000 Is Approved by Committee.

The council committee on public works approved the $15,000 appropriation for the regrading and reconstruction of the race track in Schenley park yesterday and also an appropriation of $10,000 for the drilling of artesian wells in front of the public schools.

Dr. H. B. Burns objected to the appropriation for the race track, claiming it was more money than was required for that purpose and that it was a luxury. He said the Twenty-second ward had been refused $40,000 for an engine house because of alleged shortage of money, while $15,000 was to be spent for something which was not a public necessity. He said the boulevard and the speedway in Highland park should be sufficient for fast driving.

Samuel J. Wainwright, Jr., was an advocate of the race track, stating that the city should provide for the enjoyment of owners of fast nags. The majority of the committee agreed with Wainwright and the ordinance was affirmatively recommended to councils, but Burns promised to make another fight in councils. The appropriation for artesian wells was not opposed.

The committee approved an appropriation of $29,786 for the construction of a pavilion in the Lawrenceville park. A number of street grading and sewer measures were also approved.

Today Children's Trimmed Hats for Reduced Prices.

Now there is a distinction between a trimmed hat and a sailor with a ribbon band, or a shirtwaist hat with a feather—trimmed hats in millinery mean hats quietly or gorgeously bedecked with flowers and ribbons, or with wings and breasts, or with plenty of any other kind of trimmings. These are the kind that today can be bought for greatly reduced prices.

If you have some girls in your home, as we hope you have, this is an opportunity to please them mightily, and not set you a-sighing when counting the cost.

Beautifully Trimmed Hats at $3.50 from $5.00.
Beautifully Trimmed Hats at $5.00 from $7.50.
Beautifully Trimmed Hats at $7.50 from $10.00.

And if you wish to go to finest, we'll be pleased to show you hats for relative reductions in prices.

Women's Finest Oxfords for Afternoon and Evening Wear.

We are making a splendid showing of oxfords for dress occasions for the Summer of 1904. When we say for dress occasions we mean oxfords that have the Louis XV. heel, oxfords that are light and airy in color as well as leather. There is nothing quite so appropriate for wear with the dainty, summery afternoon or evening gown as oxfords as we present them to you for the present season.

One of the very newest colors in kid oxfords is champagne, a tint which will harmonize with any gown.

One of the newest materials employed for this style of shoe is white canvas, which heretofore has been used exclusively for outdoor games. But you'd never recognize it in its new shapes and styles. A few of the many styles we are showing—

Women's patent ideal kid and French patent leather Oxfords, full Louis XV. heel, $3.50 to $5.00.

Women's Dongola Kid Oxfords, with patent leather tip, light turn sole, French heel, $3.00 a pair.

Women's Vici Tan Oxfords, and by the by, vici kid is here shown for the first time in tan—very light weight, with Louis XV. heel. $4.00.

Champagne color Oxfords in dainty light weights—Louis XV. heels, $4.00.

Women's White Canvas Oxfords, light turn soles, Louis XV. heel, silk worked eyelets, with broad silk laces, especially priced at $2.50 a pair.

Black Suede Three-strap Slippers—French heel, $3.00.

White satin three-strap Slippers—new and stylish lasts—very special at $2.50 a pair.

White kid three-strap Slippers—with neat French heel—a very dainty shoe for $1.50.

Corsets for Women Who Glory in Athletics.

Any corset will not do. For the healthy pastime of golf, for the exhilarating horseback ride, the corset must be of special construction.

In our Corset Department full lines of girdle corsets for golf and other outdoor sports, and special makes of short corsets for women who ride. $1.00 and up to $7.50.

Every Good Make of Soap Is Here.

In our Toilet Department women will find every reputable make of toilet soap, from the finest French imports to the little priced, but reliable domestic makes. The following list may give you an idea of the diversity of toilet soaps we carry—

Does Your Baby Own a Go-Cart?

No? That's a downright shame, seeing that we have Go-Carts for as little as $3.75, and from that price in as many different varieties as there are spokes in the wheel of the cart.

Some of these carts fold, and if you take baby to see its grandparents that live far away, that's the kind you want, because you can just hike the cart along with you and jump on a street car, and away you go.

Speaking of reclining carts, you ought to see the Alwin Cart, everything about it of metal. Strong? Well, it's built to be handed down from generation to generation. It's a folder, and can be twisted into the smallest kind of space, something after the style of a musician's music stand.

Go-Carts are on sale in the East Basement.

Two Fleets, If Needed, Will Back Demand for Rescue of Perdicaris.

FORMER NEW JERSEY MAN

THE PITTSBURGH GAZETTE BUREAU.
Room 10, Postal Building.
WASHINGTON, D. C., May 20.

No gentle diplomacy will figure in this government's dealings with the sultan of Morocco in regard to the kidnaping of Ion Perdicaris, an American citizen, and his English stepson, who were kidnaped at Tangier Wednesday night by Raisuli, the brigand chief.

Acting Secretary Loomis has instructed Consul Gummere by cable to act with the greatest vigor and demand of the Moorish government that it take the most sweeping measures to secure the release of Mr. Perdicaris, even, if necessary, to accede to the terms of the brigands. After consultation with Admiral Taylor, chief of the navigation bureau, the naval measures resolved on were strengthened considerably. Admiral Chadwick, when he reaches Fayal in a few days, will receive orders to proceed with the whole South Atlantic squadron to Tangier, while Admiral Jewell, with the newly formed European squadron, who is about three days behind Admiral Chadwick, will be ordered to follow to Tangier if the emergency still exists.

Requested a Warship.

Mr. Gummere sent a request during last night for a warship—a big one. He reported that the two men had been carried into the mountains, where pursuit is impossible. He said the Moorish authorities are doing everything they can, and that no terms had been received from the bandit chief.

Mr. Perdicaris was not only one of the wealthiest residents of Tangier but he was, before removing there, of sufficient importance in Trenton, N. J., to command the active friendship of both senators and a portion of the congressional delegation from that state.

Messages from Senators.

About the first thing which came to the attention of Acting Secretary Loomis at the state department this morning were telegrams from Representative Lanning, Senator Kean and Senator Dryden. Mr. Lanning stated that Mr. Perdicaris was born in New Jersey and had inherited a large fortune, made in gas stock speculations, from his father, who was a Greek. He traveled extensively, was an author of some repute, completing and publishing several books. He was also an artist and a sculptor. In the course of his globe trotting he visited Tangier and it so captivated his artistic tendencies that he decided to take up his residence there, purchasing one of the sultan's palaces for the purpose. His hospitality is said to have been lavish. He was 65 years old and married an English woman, whose son by a previous marriage, is the Varley who was kidnaped with Mr. Perdicaris. He was on good terms with every element in Morocco and, indeed, it is stated by one of the persons who knew him well, that he gave frequent refuge to the very bandit chieftain who kidnaped him.

Brigands Attack Women.

United States Consul General Gummer at Tangier, Morocco, telegraphs confirming the reports that the brigand band which captured Perdicaris, an American citizen, and Cromwell Varley, a British subject, is the same who captured Mr. Harris, the London Times correspondent last year. Besides capturing the men, members of the band attacked the women of the Perdicaris party. The French government does not intend to send a warship to Tangier or otherwise intervene. The governmental view is that France has no right to intervene and is not called on to do so in a case of this kind, as it would raise a direct issue with the sultan of Morocco concerning the exercise of police powers. Moreover, the government's advices are that Mohammed el Torres, the representative of the sultan at Tangier, will meet the brigand's demands in order to secure the prisoners' release. Unofficial advices say that Mohammed el Torres has already recalled the Moroccan troops, as the brigands demanded.

GIBRALTAR, May 20.—A British torpedo boat sailed today for Tangier, in connection with the kidnaping of an American citizen, named Perdicaris and his stepson, Cromwell Varley, a British subject.

SYNDICATE WILL RECEIVE CALL FOR $6,000,000

Pittsburgh-Toledo People Will Be Asked for Remainder of $20,000,000 Pledged.

[BY PRIVATE WIRE TO THE GAZETTE.]

NEW YORK, May 20.—The Wall Street Journal says today:

We understand that within the next 10 days the Pittsburgh-Toledo syndicate will be called upon to provide the last $6,000,000 of the total $20,000,000 which it is pledged to supply.

The syndicate agreement called for $20,000,000, of which the syndicate had, up to April 11, turned in $14,000,000. Immediately after June 1 the syndicate members will probably receive their allotment of the new securities that are to cover the properties purchased. The securities are as follows, distributed pro rata to the syndicate members: First mortgage 4 per cent, 50-year Wabash-Pittsburgh Ter. Co., $13,400,000; second mortgage 4 per cent, 50-year Wabash-Pittsburgh Ter. Co., $13,000,000; Wabash common, $20,000,000; allowed for syndicate expenses, etc. (second mortgage bonds), $2,000,000.

Students Visit Westinghouse Plant.

Twenty-five students of the Case School of Applied Science of Cleveland, O., visited the Westinghouse Electric works at East Pittsburgh yesterday. The party included the members of the senior and junior classes in electrical engineering, and was in charge of Prof. William Ambler. The entire day was spent in visiting the various departments of the big plant.

News Stand Robbed Five Times.

For the fifth time in less than a year, the Union News Company's stand at Braddock station was entered by thieves yesterday morning. Harry Morris was found near the stand by the North Braddock police and when searched tobacco and other articles alleged to have been taken from the stand were found in his pockets. He was locked up.

Cripple Shoots Himself.

Samuel Matthews attempted suicide in his home, 630 Seventh avenue, Homestead, yesterday morning, and is at the South Side hospital with a bullet in his left lung and cannot recover. Matthews lost both legs on a railroad several months ago and since leaving the hospital has been despondent.

SPONGE IS KING, SAY THE EXPERTS

Pittsburgh Officials Look Over Philadelphia Filtration Plan.

CONSIDER IT A SUCCESS

THE PITTSBURGH GAZETTE BUREAU.
Press Building.
PHILADELPHIA, PA., May 20.

Another committee of Pittsburgh councils has looked over the scheme of water purification by the use of sponges and pronounced it a marvelous success. After ten years of experiments, by filtration commissions, by experts high-priced and low-priced, local and foreign, it appears that the sponge, the sponge that made the Pittsburgh barbers famous, is the logical and economical barrier which will eliminate typhoid from the weekly mortality reports. So say the councilmen.

A committee of select councils, chaperoned by John J. Shaw, Mr. Maignion, the patentee of this life saving device, so simple and yet so potential, today saw the sponges in action at Upper and Lower Roxborough plants. John B. Larkin, city controller, author of the "rule of three" and other mathematical propositions, accompanied select councilman A. H. Leslie, Dr. R. E. Walters and John Barry on their inspection tour. Councilmen Douglas and Schempp were to have connected with the others but failed to do so.

Chief Hill Talks.

An hour or more was spent by the committee this morning at the office of John F. Hill, chief of the filtration bureau. Chief Hill gave, or rather reiterated, an unqualified indorsement of the preliminary filter scheme. He said it had been forced upon this city by the efforts of ex-Mayor Samuel Ashbridge while the filtration work was under way and that the city was a beneficiary to a great extent by reason of the ex-mayor's "foresight." The committee went from Chief Hill's department to the sponge beds. There they were given a practical exhibition of the preliminary system of filtration.

Water from the murky Schuylkill before and after being sponged was examined and the sponge apparatus, which, it is claimed, needs cleansing but once in six months, was cleansed in their presence. In the morning the slow filter beds at Belmont will be visited. Select Councilman A. H. Leslie tonight gave The Gazette his unsolicited opinion of the preliminary filtration scheme. Mr. Leslie said he was not an expert, from the scientific standpoint, but that the practical utility of this plan much impressed him.

Leslie to the Front.

"We are told," said Mr. Leslie, "that the preliminary filters will double the capacity of the slow sand filtration system. It will do two-thirds of the work and reduce one-fifth the expense of maintenance. The cost of installation will also be materially lessened, as not more than half as much land will be required. Probably $1,500,000 would be saved, taking Director Bigelow's estimates, if the preliminary filters are installed. Twenty acres, instead of 40, would be all the land needed. Again, we could place the preliminary filters above our present basins or reservoirs, a saving of much importance, financially speaking.

"By the preliminary system, the work of the sand filtration beds is greatly expedited. Seventy-five per cent of the bacteria is eliminated by the preliminary process and the water thus three-fourths pure, passes more rapidly through its final stage of purification. Controller Larkin is much impressed with the plan. He has favored it from the outset. Walters and Barry also indorse the idea."

Not a Sanitary Matter.

Councilman Leslie did not place much credence in the generally accepted theory that sponges are choice breeding retreats for bacteria; that they quickly absorb and never release them unless boiled or treated with some antiseptic solution. The fact that the statutes of Massachusetts prohibit their use by barbers, and that modern surgery has prohibited their use in hospitals, he explained by saying that the objection was one of expense, not a sanitary matter. He did not believe there was any danger of someone "getting a corner" on the sponge market, and said that those used for filtration purposes were "clippings," the waste from sponges cut for commercial purposes. For Pittsburgh, he said, the cost of installing a preliminary filtration system would be, approximately, $625,000.

This afternoon Maignion, the patentee of the preliminary system, entertained at his establishment in Arch street. He demonstrated the practical utility of his system and gave the committee much valuable information which they will communicate to their colleagues in councils. CHESTER D. POTTER.

RACING DEPARTMENT CEASES TO EXIST

Clowry Declares Western Union Will Lease No Wires to Pool Rooms.

[BY PRIVATE WIRE TO THE GAZETTE.]

NEW YORK, May 20.—For the first time since the poolroom crusade began President Clowry of the Western Union Telegraph Company today gave an interview on the subject, saying in part:

We have stopped our racing news service absolutely all over the United States. We cannot refuse messages that are filed with us in the regular course of business because they contain racing news. We have to accept them and transmit them as common carriers. We are sending such messages, but that is positively all we are handling. Our racing department has ceased to exist. I have been asked if the Western Union has the right to annul the lease of a wire or refuse to lease one. In reply to that I want to say that no contract is binding when it is in violation of the penal code and against the public good. Therefore we need not lease wires to poolrooms and will not do so. We will go no further than the law allows.

While Police Commissioner McAdoo was announcing this afternoon that he was willing to accept the statements made by the Western Union Telegraph Company and the New York Telephone Company, regarding their attitude toward betting news and poolrooms, raids were made by the police of 12 precincts on 22 alleged poolrooms and exchanges. These places were located all the way from the Battery to Harlem.

Water Company's Election.

The board of directors of the Monongahela Water Company met yesterday and elected officers as follows: President, Mark W. Watson; vice president, James W. Scully; secretary and general manager, Martin Prentzer; treasurer, S. Williams Rudell; assessor and collector, H. J. Schneider; assistant assessor and collector, James Watson Prenter.

FAVORS UNION IN CHURCH WORK

Extent of Merger Recommended to M. P. Conference by President Stephens.

STEUBENVILLE MAN CHOSEN

[BY ASSOCIATED PRESS TO THE GAZETTE.]

WASHINGTON, May 20.—Church union between the Methodist Protestant, the Congregational and the United Brethren churches is the subject of greatest importance to be considered by the nineteenth quadrennial Methodist Protestant conference, which convened here today. The address of the retiring president of the conference, the Rev. Dr. D. F. Stephens of Kansas City, Kan., in which this union was advocated to the extent of co-operation in work, and the election of the Rev. Dr. F. T. Tagg of Baltimore to the presidency, were the features of the day.

Dr. Stephens said that joint committees from the three denominations had been at work for some time and had agreed upon a plan of co-operation, which would be presented for the consideration of the conference. In his opinion, while combination seemed to be the spirit of the age, an organic union of the three denominations should only be consummated as the result of a spontaneous and universal demand; that it should be a movement which could not be resisted.

The creation of an educational board was recommended by Dr. Stephens.

The Rev. Dr. F. T. Tagg of Baltimore was elected president, receiving 82 votes to 42 for Dr. Thomas H. Lewis, president of Adrian college, Michigan. F. C. Chambers of Steubenville, O., was elected secretary.

Dr. Washington Gladden of Columbus, a Congregationalist, and Dr. Weekly of Dayton, O., of the United Brethren denomination, will present the plan of co-operation in work proposed between the three denominations next Tuesday.

The conference received the quadrennial report of the board of foreign missions. It shows that the principal foreign work by the denomination is in Japan. The report says: "The opinion held by some, that Japan has become a Christian nation, is far from correct. Idolatory, superstition and atheism largely prevail. The great mass of the population has not become impressed with Christian teaching."

The report says the evangelization of Japan would hasten the evangelization of China; that "Japan is the best base of attack for conquering China, the battleground of missions for the twentieth century."

SUMMER SUITS CLEANED BY A NEW PROCESS

Clothing May Be Restored To Its Original Condition by the New Method.

With all the advancement and invention of the present day nothing has done so much genuine good to mankind as the new process for cleaning and dyeing.

This new process is now in use by the Linnekin Company. It was obtained after a great deal of experimenting and research, the manager of the Linnekin Company having made a tour of Europe to discover the best methods for cleaning and dyeing.

A man's summer suit or a woman's gown may be cleaned by this new process in such a way that makes it absolutely new in appearance. After the garment has been cleaned it is pressed by an experienced tailor, so that by the time you have received your suit from the company you would have no trouble convincing your friends that it had just been made by your tailor.

The finest evening gown may be cleaned without injury to the fabric.

The prices of the Linnekin Company are about 20 per cent lower than those of other establishments. The Linnekin Company has the exclusive use of the new process, which is the only perfect one in existence.

EXPERTS TO UNEARTH HUMP SECRET: BIGELOW FILTER FIGURES EXPOSED

Some of Chamber of Commerce's $25,000 Fund to Be Used in Service of Public.

W. H. Stevenson's Committee Recommends Two Filtration Plants, One for South Side.

WANT DEFINITE INFORMATION

AT HALF OF ESTIMATED COST

Part of $25,000 in the treasury of the chamber of commerce will be devoted to obtaining definite information concerning the cost of the proposed removal of the hump in Fifth avenue, including an estimate of damages that may be caused by the improvement, and a list of those who have signed waivers of damages. The chamber's special committee which has had charge of the investigation into the proposed issue of bonds for removing the hump did not succeed in having its report adverse to the project adopted by the board of directors, but the committee's friends did succeed in committing the directors to a thorough and perhaps expensive investigation of the project, and that is what the committee really desired.

Engineering and real estate experts and, if necessary, lawyers will be taken into the service of the chamber of commerce to ascertain whether the figures given by Director Bigelow concerning the probable cost of the hump removal are correct. As it has been charged—and Mayor Hays has said so himself—that to remove the hump will cost nearer $4,000,000 than $2,000,000, it was considered by members of the chamber that the funds of that body could be utilized for no better purpose than to ascertain the exact cost of carrying out the project.

For that reason those members who favored an exhaustive investigation of the hump removal project were primed at the last meeting of the board of directors, and when the board declined to refer the report of the committee, which was adverse to the hump project, because of lack of information possessed, to the membership of the chamber for action, a motion was adopted opening up the only way in which definite information could be obtained, namely, the employment of experts.

Board's Secret Leaks Out.

The whole action of the board of directors has been enveloped in secrecy, it being the policy of the chamber to make nothing public while it is still in the hands of the directors, but at a special meeting of the chamber yesterday, referred to elsewhere, it became known what the report of the committee was and that it had been referred by the board back to the executive committee, which was to act "in conjunction with the executive committee of the chamber," but the full meaning of that reference did not develop at yesterday's meeting. These are the facts:

The executive committee of the chamber is the committee that approves or disapproves bills. Had the report been again referred to the special committee without including the executive committee no money could have been spent for the employment of experts, but by the conditions under which the report was referred back to both the special and executive committee, a majority of both committees has decided to spend some of the chamber's money for public purposes. This is the program:

The two committees, to arrive at the cost of removing the hump, will have to know the amount of dirt that has to be excavated and the approximate number of cubic feet of rock that must be blasted. It can obtain that information only from engineers, and therefore engineers will be employed. The engineers will also be able to determine what buildings within the radius of the improvement cannot stand the necessary and must therefore be taken down.

Then the real estate experts will take up the question. Knowing the value of property, they will be able to determine how much damages to the structures the hump removal will cost, and by taking their figures and those of the engineers an estimate close to the actual cost will be arrived at. The court house, the Yoder building, other structures adjoining the Yoder building, the Heinz and other edifices near by, the property of the Hitchcock estate in Fifth avenue east of the Kaufmann building, the Bakewell law building and many others for which no damage waivers have been signed, will all be injured, and the two chambers of commerce committees, aided by experts, will figure out the probable cost. Director Bigelow has failed to give the public the information required. The chamber of commerce will spend its money to tell the people what Director Bigelow declines to give.

No Facts from Mayor.

The report of the committee, read at the aforesaid meeting of the board, was brief. It contained the letter which the committee sent to Mayor Hays requesting a detailed statement of the cost of the hump removal, a list of the owners of the property and of the corporations affected and of those persons who had signed damage waivers. The mayor replied that he would give the information requested on the return of Director Bigelow, who was then absent from the city. A second letter repeating the committee's request was sent to the mayor, but although Director Bigelow has returned, no answer was received by the committee. The committee then declares it to be its own opinion that the chamber of commerce cannot approve of any issue of bonds for the undertaking.

BOTH COUNCILS CALLED TO MEET ON MONDAY

Duquesne Way Railroad Plans to Be Approved—Bond Bills May Pass.

Calls for special meetings of both select and common councils on Monday were sent out yesterday. Common is to approve the Pennsylvania railroad plans for the Duquesne way elevated branch, which have been approved by select. As soon as the plans are approved by common, the railroad company will be able to begin work on the construction of the line.

Another reason for the meeting of common is a desire of Director Bigelow to have passed the appropriation bills for the Schenley park race-track and the ordinances fixing the new grades of the streets and alleys in the hump district.

The filtration bond ordinance comes up in select council Monday on third reading and the hump bond ordinance on second reading. It is understood that both measures will be passed. The report yesterday was that the Bigelows had finally succeeded in patching up peace with the combine to this end.

LECTURE ON OPERA.

Bradford Mills Believes That Songs Must Be Understood to Be Appreciated.

"Pittsburgh cannot expect to have an extended season of grand opera while the works of the great composers are sung in an unfamiliar tongue," said Bradford Mills in his lecture-recital in the Nixon theater yesterday afternoon on the forthcoming production of Verdi's "Othello." He addressed a brilliant audience of music-lovers and his advocacy of grand opera in English was roundly applauded.

"In all the leading German cities and in many of the smaller towns," said Mr. Mills, "the people enjoy opera for an entire season. They have regularly organized stock companies and permanent orchestras; but the secret of the success of these ventures is in the fact that the splendid arias are sung in the language that the people understand. In provincial cities in this country it is the novelty of metropolitan opera that attracts many, and to be successful for a longer period than a few performances classic music must be rendered in words that will be intelligible to the average lover of the best composers' works."

Mr. Mills explained the motif of "Othello" with the accompaniment of the piano, and delighted his audience with a vocal pot-pourri of extracts from several songs in Verdi's opera. The story of the libretto, he said, departed little from Shakespeare's theme in his sublime tragedy. Melody is pronounced even in the recitative lines, while in the orchestration Verdi has not departed from the precedents of the Italian school, the motif never predominating.

Clinton Wants to Be Dockmaster.

Councilman P. A. Manion and James M. Fullerton of the Fourth ward yesterday recommended to Mayor Hays the appointment of Joseph Clinton to the position of dockmaster, made vacant by the death of John Koch on Thursday.

INDIA RIVER CAPTAINS INSPECT LOCAL TOWBOATS

Veterans of the Ganges Are Studying Methods So Their Government Can Adopt Stern-Wheelers. Now on Trip Down the Ohio.

The government of India will adopt the towing system of Pittsburgh river coal operators inside of six months. This was the word handed out yesterday by Capt. A. Ainsley and Capt. V. H. Spalding of Calcutta, India, who are now making a careful study of local navigation in order that the American methods may be inaugurated properly.

Capts. Ainsley and Spalding are practical rivermen. They will remain in the Pittsburgh district about three months, during which time they expect to familiarize themselves with all details of local steamers and the way they handle river craft. They represent, directly, the River Steam Navigation Company of Calcutta and the India General Navigation and Railway Company, both of which are under supervision of the government. Their trip to Pittsburgh is the outcome of the visit of A. Pointon of Calcutta, who spent several days here last fall investigating local towboats. Mr. Pointon carried back the news that his country was away behind in navigation methods, and through his recommendation the representatives were sent here.

Capt. Ainsley and Capt. Spalding stated yesterday that the towing system in use on the Ohio river and its tributaries is so much in advance of what they have been accustomed to that it amounts almost to a revelation.

"The boats in use on the Ganges and Brahmapootra rivers are side-wheelers and twin-screw steamers," said Capt. Spalding, "and what we need is the stern wheel boat. Its ability to handle big tows outclasses the steamers we have 10 to 1."

"It is not commonly known," said Capt. Ainsley, "that we have immense deposits of coal along the rivers leading into Calcutta. We not only have the coal but our rivers are in many places five and six miles wide. We get rises there somewhat the way you do here, and the streams are navigable a good part of every year. Our coal is transported principally by rail. Towing in our rivers is done at a big disadvantage. The companies organized for the transportation of coal are handicapped on account of their facilities. They have uphill work carrying on business."

The representatives came here at an opportune time. While on the way to Pittsburgh they hoped for a good stage of water and their wishes were fulfilled. They had an opportunity to see local rivermen getting out fleets yesterday, and in order to become thoroughly instructed in the methods, they boarded the Tom Dodsworth, which left yesterday with a tow of 17 boats and 3 barges. They will stay with the boat until she gets to Cairo.

Maj. W. L. Sibert and Col. T. P. Roberts of the local government's office furnished the Indian envoys with introductory information yesterday and from this time on they will be cared for courteously by the local officials. Capt. J. L. McFeeters is engaged in showing the men about the local rivers.

MASONS HAVE OPTIONED SITES FOR NEW TEMPLE

Oakland or Bellefield Favored for New Temple and Scottish Rite Cathedral.

The report that the J. J. Morris property, on the north side of Forbes street and opposite Coltart square, had been bought or optioned for a site for a new Masonic temple disclosed the fact yesterday that the Scottish rites bodies in the valley of Pittsburgh are making an active canvass of sites in that vicinity for the purpose of erecting a Scottish rite cathedral. The Morris property is 80x274 feet and is situated midway between Halket street and McKee place. At present prices it should be worth $40,000, or $250 a foot for both the Forbes street and Fifth avenue frontage. It was also reported yesterday that an option had been secured on the G. W. Theis property in McKee place. Other property owners in the neighborhood have been approached lately for prices on their holdings.

George W. Guthrie, a leading Mason of the city, said that night: "The Oakland site is being sought by the Scottish rites bodies. As yet we have neither bought nor optioned any property. It is true, however, that we are looking for a site in either the Oakland or the Bellefield district with a view to building a new Masonic temple there. Those districts are the ones most favored by the majority of the Masons in the city, and a site there may be secured soon."

If a site is secured in either Oakland or Bellefield it means the erection of a temple to cost probably $1,000,000. No arrangements have been made, it is said, for the design for such a temple, but it is thought that if the site is secured the building may be erected this year.

In connection with the deals last year for the Fifth avenue property it leaked out that some of the lodges were strongly in favor of selling it at current prices and building elsewhere. The fact that a majority of the stock is now held by three lodges would make this move and the building of a new temple easier.

RAILROAD FIGHTING FISCHER'S SWITCH

Retaliates Because Its Ordinance for Vacation of Edwards Alley Was Defeated.

The switch ordinance of the Fischer Foundry & Machine company of the South Side was amended by the special committee yesterday and sent to councils in a shape unsatisfactory to the company, as it will probably deprive it of the grant it asks. The ordinance originally provided for an extension of the Duquesne Brewing Company's switch in Edwards alley, between Twenty-second and Twenty-first streets, to the Fischer plant at Twentieth street. The amended ordinance provides that the Fischer company shall lay its own switch from the Pittsburgh, Virginia & Charleston plant at Twenty-second street, along Edwards alley to its plant at Twentieth street.

The Fischer company is required to pave the alley from the south side of the alley to the Duquesne brewery switch, between Twenty-second and Twenty-first streets, and to regulate switching so as not to interfere with the brewery teams. John Benz, president of the Duquesne Brewing Company, told the committee that the Fischer company should pave the alley at the brewery because his company had paved Mary street, on the other side of the brewery, where another switch is laid.

C. F. Leng, who said he represented the Pennsylvania, or the P., V. & C. railroad, declared that the railroad would not permit Fischer to lay a railroad track along the south side of the alley as proposed in the amended ordinance unless the alley was vacated for the benefit of the railroad. He said the company's reason for objecting to the switch on the south side of the alley was that Fischer had combined with Benz in the last councils to defeat an ordinance vacating the alley, which would have extended the railroad company's property to the center of the alley, as it owns all the property abutting on the south side of the alley between Twenty-second and Twentieth streets.

Fischer admitted that Leng's statements concerning his combination with Benz were true, but he denied that he wanted to deprive the railroad of half of the alley.

Shenkel advised holding up the ordinance. C. H. West and J. H. Schleinitzauer, the other members of the committee, refused, stating that it was a matter for Fischer and the railroad company to fight out. With Shenkel dissenting, the ordinance was approved, Shenkel stating that he would oppose it in councils.

ODD FELLOWS ADJOURNED.

Grand Officers Installed—Newly Married Couple Surprised at Rebekah Reception.

YOUNGSTOWN, O., May 20.—(Special.)—The sessions of the grand lodge I. O. O. F. ended today with the installation of the following officers: Grand Master, Dr. George C. Kolb of Cincinnati; Deputy Grand Master, I. M. Jordan of Chillicothe; Grand Warden, Leonard Walther of Lima; Grand Secretary, C. H. Lyman of Columbus; Grand Treasurer, C. E. Niles of Findlay. The grand secretary appointed Ralph M. Miller of Mt. Gilead as his assistant. The grand master appointed the following committees and officers: Grand Chaplain, L. C. Dick of West Jefferson; Grand Conductor, W. A. Neal of Elton; Grand Guardian, J. H. Coke of Zanesville; Grand Messenger, Isaac Weinreich of Dayton; auditing committee, William Moelchert, J. W. Bitzer and W. H. Barrow, all of Columbus; executive committee, M. S. Clapp of Warren, E. L. Hoskins, Sidney, Arrel McNeil, Cincinnati, Frank Foster, Toledo, and A. Herlinger of Cincinnati.

There was a surprise last night when Mr. and Mrs. Westerly Bierly of Ironton were presented with a solid silver service at the reception given by the Rebekahs to the grand lodge representatives. The couple had been married at the opening session of the lodge here.

Graytown lodge, on account of having refused to suspend saloonists, was suspended and Grand Master C. C. Pavey sustained the action. The next grand lodge will meet in Akron next year.

COURT HOLDS BRANNOCK LAW CONSTITUTIONAL

COLUMBUS, O., May 20.—The Brannock district local option law was declared constitutional today by the four judges of the common pleas court sitting jointly. The law was enacted by the recent session of the legislature and has been the subject of much contention. The law in no way conflicts with the Beal local option law and in places where one is inoperative the other may be effective. The temperance people are jubilant over the victory they have scored in the state.

Former Pittsburgher Dead.

BEAVER, PA., May 20.—(Special.)—James L. Somers, aged 53, died suddenly at his home here this evening. He was formerly a member of the firm of Somers Bros. & Co., wholesale produce and commission merchants in Liberty avenue, Pittsburgh. The firm was dissolved three years ago on account of his failing health. He was born near Beaver and his home was here during his entire life. Funeral services will be held Sunday afternoon at 2 o'clock.

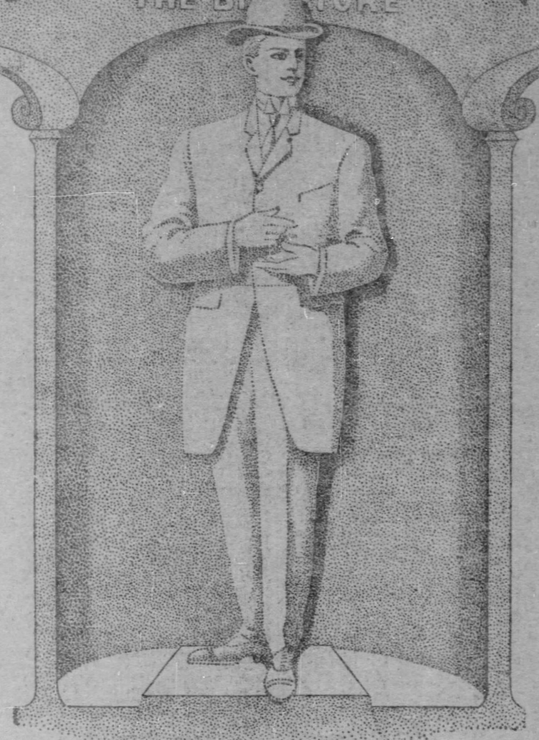
KAUFMANN'S
THE BIG STORE



Two trouser specials

Men's trousers—of plain blue and black cheviots and fancy striped worsteds, and cheviots, stylishly cut and well tailored—trousers that ordinarily would command $2.00 and $2.50, special at 1.48.

Men's trousers—correctly fashioned, made up of fine worsteds and cheviots, tailored in excellent manner—these trousers are equal to those that command $4.50 in most stores—our special price, 3.00.

Our finest grades of men's clothing

Are designed and cut by artists—are trimmed in faultless taste and are brought up to perfection itself by the most expert tailoring talent. In every essential they're the equal of the best to-order apparel. This no doubt accounts for the many men we've added to our clientage that were at one time strong adherents of the custom-tailor idea.

Kaufmann's clothing bargains

Are an index to the merchandising of the whole store

THERE are more tricks employed in the selling of clothing than there are in the retailing of almost any other commodity. The average man knows little about good clothing. Accordingly, it is wise to place dependence on a safe store. The biggest type and the most boisterous talk do not signify the greatest values—common sense and experience teach that. The clothing bargains of "The Big Store" are notably manifest—they speak for themselves—they require no fine-strung argument to ring out their import and merit.

Among the suits you will find fancy worsteds, cassimeres and homespuns, besides plain blue and black cheviots, worsteds and serges, in both the nobby three-button single-breasted and double-breasted style coat.

$8.75 For men's suits and topcoats $12 to $15 values

Among the top-coats you'll find those natty short styles—besides the regulation length, made in different shades of coverts, cheviots and other stylish materials. The raincoats are also stylish looking garments and the strictly waterproof kind.

If you understand the good points of our clothing—'twon't take you long to appreciate the merits of the suits, topcoats and raincoats embraced in this $8.75 sale.

They are regular $12 and $15 garments

—which statement implies (because coming from this source) that they're equal in every way to clothing that sells regularly for $12 and $15 in other good clothing stores.

Thousands of mothers of boys have taken advantage of this sale of

"Buster Brown" Suits

WORD-of-mouth advertising is more effective than newspaper publicity. Mothers put that spirit of enthusiasm in their expressions of the greatness of the values that is impossible with printer's ink.

In frequent instances we've sold three and four suits to those who came with the intention of buying but one.

The values are exceptional. The entire purchase of Ivan Frank & Co., 785 Broadway, New York—the makers of the celebrated "Buster Brown" suits—has been divided into three price groups as follows:

In lot No. 1 will be found all the suits we have marked **3.00**

In lot No. 2 will be found all the suits we have marked **3.90**

In lot No. 3 will be found all the suits we have marked **5.00**

THE VALUES RANGE FROM $5 TO $12

Besides the "Buster Brown" styles there are fine Russian blouse and sailor suits with extra silk collar and shield, velvet suits, U. S. Deck suits, sailor suits with small or sailor collar, double-breasted suits and Norfolk suits, white serge suits, tuxedo, confirmation and dress suits, in addition to top coats and reefers. Sizes range 2½ to 17 years.

A special line of boys' all wool "Buster Brown suits at 2.35

These are not the GENUINE "Buster Brown" suits made by Ivan Frank & Co., but are the styles other stores show at $5.

Boys' wash suits—"Regatta" and "Premier" makes, in Russian blouse, sailor, kilt and Norfolk styles—5.00 down to **75c**

Long trouser special—the makers of our "Smartsag" clothing made these trousers from the remnant pieces left from our suit orders. They're made in the "peg top" style, very full in the leg. They're worth $4, $5 and up to $6.50—your choice today for **2.50**

Knee pants special—boys' regular 50c blue or fancy cheviot knee pants—three pairs for $1.00, pair, **35c**

About 1200 pairs are left
Men's and women's $3, $3.50 and $4 shoes at 2.10

THE sale started Wednesday morning. Had the weather been clear instead of rainy and cloudy—you'd not have another chance at this shoe bargain. It's without a doubt one of the best shoe offers we've ever made. They're all new high class goods, come in all leathers and all styles, in almost every size and width. They're the product of two of the country's best shoe manufacturers.

We repeat there are all styles in both boots and oxfords for both men and women.
You'll find no better footwear anywhere under $3 and $4. 'Twould pay you to buy two or three pairs—at the low price of 2.10.

Men's tan oxfords—the smartest of the new lace and blucher styles, with the derby and drop toe, six styles at **3.50 and 3.00**

Misses' and children's, boys' and youths' shoes for school and dress wear—in kid, patent leather and tan calf— **1.25, 1.50 and 2.00**

LEAGUE GAMES TODAY.

Boston at Exposition Park.
New York at Chicago.
Brooklyn at St. Louis.
Philadelphia at Cincinnati.

In taking the opening game of the series from the Boston team yesterday afternoon the Pirates managed to pile up more runs than they have scored in any one contest this season. The final score was 8 to 2 in the champions' favor, which goes to show that the players had their eyes on the ball, and the base hits, which have been so few heretofore, came in bunches.

It was a dismal afternoon for a ball game as the field was still heavy with mud and there was an occasional light sprinkle of rain. At times it looked as though the game would have to be called, but the weather would suddenly take a turn for the better, so the contest went to a finish. There was a crowd of 2,560 enthusiasts out, and it required enthusiasts, for none other would take a chance on pneumonia and other ills to watch a ball game on such a day.

The elongated Victor Willis was the pitcher selected for the opening game by Manager Buckenberger, and Victor was an easy victim. The Pirates, having been some short on base hits since the start of the present championship season, thought they had better get to work in that line, and Willis therefore became a victim of baseball wrath. The base hits were made in rapid succession, and the batting rules were so changed that the visitors that they lost their heads entirely and played like a lot of amateurs.

The poor work on the part of Boston was somewhat of a surprise, as that team has been putting up a fine game since the opening of the season, and was one of the base ball surprises. However, the team may only have been a bit off in its work yesterday, for it seemed that almost every player from Capt. Tenney down lost their heads in the critical moments and floundered about the field like a lot of school boys. The Pirates, of course, took advantage of all these mistakes, while the spectators indulged in hearty laughs, particularly when two runs were allowed to be scored on an infield out, as was the case in the sixth inning, and Capt. Tenney was partly to blame for this display.

Sam Leever started in to do the pitching for the Pirates, and he was doing it well until the sixth inning, when Willis hounded one of his speedy balls off the schoolmaster's pitching arm, and Sammy was forced to retire, Phillippe finishing the game in fine style. During the six innings that Leever served but four hits had been made off his delivery, but all four were timely, as they produced the visitors two runs. Two hits were made off Phillippe, but no good came of them.

The Pirates started in on Clarke in the opening inning when Beaumont and Clarke landed singles, but the next three men went out and not a run was scored. Clarke brought home the first tally in the third inning when he singled, took second on a fumble by Cantell and scored on a single by Leach and a fly out. Beaumont led off the fifth with a single and Clarke followed suit. Leach's fly out to Cantell allowed Beaumont to score from third by a slide under the catcher, who had the ball, but made no effort to touch the runner. Wagner drove the ball clean into right for a three-base hit, scoring Clarke, and Hana got home on Bransfield's two-base hit to left.

There was another batting bee on the part of the Pirates in the sixth and a lot of dumb playing on the part of the visitors. Phelps started the inning with an infield single and Willis nearly broke Leever's arm with one of his fast shoots. Cantell struck out, but Clarke drew a base on balls, filling the bases. Leach's grounder was too difficult for Abbatichio to handle and, while he was fooling with the ball, both Phelps and Leever scored. Wagner was hit with a curved ball, filling the bases again, and, while Tenney was fielding Sebring out at first, Pitcher Willis taking the throw, both Clarke and Leach scored. It was a daisy batting rally all around.

The visitors got their first run in the third inning when Needham led off with a single, was sacrificed to second by Willis, went to third on a fly out and scored on Abbatichio's infield single. Delehanty scored their second and last run in the third when he doubled to left and got home on Cannell's single to the same field. The score:

COLTS IN FIRST PLACE.

Chicago Made a Great Finish and Beat the Giants.

CHICAGO, May 20.—The locals nosed New York out in the first place in an exciting ninth inning finish. Chance, the first man up, drew a base on balls. The following four men singled in quick succession, scoring the winning runs. Kling was the only out of the inning, being caught off of second by a quick throw. Both teams played to the limit, the work of Tinker being especially good. Attendance 10,500. Score:

EAST LIBERTY VICTORIOUS.

Washington High School Unable to Do Much With Bailey's Pitching.

The East Liberty academy nine defeated the Washington High school yesterday afternoon at D. C. & A. C. park, 4 to 3. East Liberty scored all its runs in the first inning. Lytle singled to left and Carr, who ran for him, went to third on Moffet's single to left, Moffet stole second and both runners scored on W. Lytle's single to middle. McDade struck out. McCracken went out from third to first, Mueller was hit by a pitched ball and Carr's two-bagger to middle scored both runners, making a total of four runs.

Washington scored two runs in the sixth on a base on balls, a life and a single, and one in the eighth on an error, a base on balls, a sacrifice and a single. East Liberty played a much improved game, both in batting and fielding. Features were a stop by Moffet and a pick-up and a running catch by R. Lytle, who played a great game, accepting 14 chances without a slip-up. Bailey pitched a steady game, as did Miller, after the first inning. Score:

FENIMORE COOPER WON CHAMPIONSHIP TROPHY

Had to Shoot Off Three Times in Order to Win—Fleming Shot Finely and Won a Prize.

[SPECIAL TELEGRAM TO THE GAZETTE.]

YORK, May 20.—The state championship trophy was shot for today by the Pennsylvania State Sportsmen's association and was won by Fenimore Cooper of Mahanoy City, in a shoot off after he had tied with Spangler. In the regular event each had 49 to his credit. They tied twice upon 24, and Cooper finally won the honors by scoring 21 to 19 for Spangler.

Atkinson, Booth and Flemming, amateurs, were tied in the second event with 25 straight for each. In the shoot-off Atkinson and Flemming hit 25. Atkinson then won the prize, a Parker gun, in a toss up. McSherry and Atkinson were tie in the third event for the gold badge, each hitting 48. In the shoot-off they made 20 and then McSherry won by hitting 25 straight. The silver cup was won by Atkinson and the loving cup by Trafford.

Flemming and Mink tied in the closing event for the Fox gun, 24 straight for each. Flemming was the winner in the shoot-off. During the preceding four days of the tournament Elliott made the highest average with Fanning second and Hawkins of Baltimore third.

The live-bird shooting started today at the conclusion of the target events; 10 birds were killed. The events will be continued tomorrow, when the tournament, which has been most successful and interesting, closes.

SOCIETY

EACH day some new and specially interesting detail of the entertainment which will be given here, on the 10 for the benefit of the Children's hospital is spoken of. One of the most pleasing and attractive will be the sale of autograph photographs of eminent people. They will include both men and women and will represent officials high in government circles, distinguished statesmen, authors and soldiers, as well as many who are to be found in other walks of life.

Yesterday Miss Frances Sivitor and Mrs. William H. Sivitor's daughter, who with Miss Helen Sivitor, is the daughter of Mr. and Mrs. Henry Clay Frick, will preside over the autograph table, received from Dr. Edward Everett Hale, the well known clergyman and author, and now chaplain of the senate, 20 books, cards and booklets all personally signed with the name of the writer of "The Man Without a Country" and other equally well known books, which were sent especially to be sold for the benefit of the Children's hospital, in which he has become deeply interested. Among the booklets is "The One Thousandth Psalm."

The benefit entertainment, as previously announced, will be held in the home of Miss Martha Childs in South Linden avenue, East End, and will be a very smart and delightful affair. The proceeds of the entertainment will be devoted to the building fund for the addition to the Children's hospital, plans for which have already been decided upon. The Children's hospital which has been closed for a number of weeks because of the prevalence of contagious disease, has been thoroughly cleaned, disinfected and pronounced ready to open again by the state board of public health. It will be reopened the first of June.

Benefit for Hospital.

The last general meeting of the committee for the Homeopathic hospital benefit was held yesterday at the residence of Mrs. W. Paul Ormont. The affair will be held on the afternoon and evening of Thursday, June 16, and will take the form of a rose fete. It has already assumed such large proportions that instead of giving it on the grounds surrounding the home of Mr. and Mrs. Francis Sedden, Oakland, the committee will conduct it at the home of Mr. and Mrs. H. W. Armstrong.

Many unique features have been planned, among the prominent being a hospital booth which will be presided over by a number of women and girls in nurses' uniform. Every booth will be festooned with roses and one booth will be entirely covered with roses in full bloom. Supper will be served under a large pergola on the lawn and the waiters will be a long list of college men. A quartet of Princeton men will sing, and among the other attractions which the entertainment committee has secured is the rose dance by 25 little children. There will be a magician and pedler, and pony carts will be provided and driven about the place.

The committees for the entertainment are now completed and are as follows: Mrs. Francis H. Skelding, general chairman; entertainment committee, Mrs. Charles Bailey, Mrs. Willard Varney, Mrs. William McConway, Jr., Miss Emma Johnston and Miss Nancy Schmidt.

Hospital booth—Mrs. H. W. Armstrong, Miss Susan Paul, Mrs. William Cooper, Mrs. Frank Cooper and Mrs. William Doll.

Men's booth—Mrs. G. A. Mueller, Mrs. W. Harry Willock, Mrs. J. M. Witherspoon, Mrs. J. O. Nicholson and Miss Florence Crombie.

Candy booth—Mrs. George W. Montgomery, Miss Morris, Miss Louise Yoder and Miss Susan Thaw.

Common sense booth—Mrs. Laurens McLure, Mrs. Hamilton, Mrs. Thomas P. Henderson and Mrs. Hedding.

Ice cream and cake—Mrs. Orlando Metcalf, Mrs. John Anderson, Mrs. D. J. Lewis and Miss Alice Paul.

Refreshment booth—Mrs. H. S. Paul and Miss Ida Macrum.

Supper committee—Mrs. Caleb C. Lee, Mrs. Alexander Thomas, Mrs. R. Dale Clarke, Mrs. Wesley Verner and Mrs. William Alexander.

Children's booth—Mrs. Arthur Vining Davis, Mrs. W. Howard Nimick, Mrs. Hunt, Mrs. Omar Scott Decker and Miss Mary Ellen Armstrong.

Novelty booth—Mrs. James M. Hamilton, Mrs. Thomas F. Hunter, Mrs. George Munroe and Mrs. William Hill.

Old Gray Goose committee—Mrs. Charles T. Disney and Miss Kate Macrum.

Old Lace booth—Mrs. Alexander Glass, Mrs. J. R. Johnston and Mrs. Major Martin.

Treasurer—Mrs. Charles H. Baker.

Miss McCook's Wedding.

One of the most interesting weddings of the early summer will be that of Miss Elizabeth Ard McCook, eldest daughter of Mr. and Mrs. Willis F. McCook, and W. Edgar Reed, which will take place Wednesday morning, June 2, at the Rev. Regis F. Canevin will perform the ceremony in the Shadyside Presbyterian Catholic church in Homewood at 11:30 o'clock, and a high nuptial mass will follow. The wedding breakfast and a small reception will be given at Clovercrest, the home of Mrs. Reed's parents on Negley avenue. Mr. Reed and his bride will return to Clovercrest after their wedding trip and spend the summer with Mr. and Mrs. McCook, going to housekeeping in the fall.

Miss McCook will have for her maid of honor her sister, Miss Katherine Mary McCook, and for bridesmaids Miss Henrietta Negley Breese, Miss Elizabeth Ard Negley, Miss Mildred Kelly and Miss Eleanor Mary McCook. Guy Carlton Reed, a brother of the bridegroom, will be best man, and Francis Murray, Hahnemann Machesney, Morton Hill and Richard Beatty Mellon will be the ushers. Mr. Reed's sister, Mrs. Albert Schmid, will arrive in Pittsburgh tomorrow from New York, where she is expected today after a visit with Mr. Reed went out to meet his sister and will return with her, to remain at the Schenley until the wedding. A round of entertainments will be given in honor of Miss McCook, the first to be a luncheon at which Miss Rachel Miller will be hostess, on Tuesday. Mr. and Mrs. Francis X. Barr will entertain the bridal party at dinner at the Pittsburgh Golf club on the following Thursday and Mr. and Mrs. Machesney will enjoy the distinction of giving the first social affair in the new Country club, as they have invited the members of the bridal party to dine with them there on Saturday evening, May 28.

In Honor of a Recent Bride.

Mrs. William Rittenhouse Kuhn's luncheon yesterday in honor of Mrs. Bernard W. Lewis was a most enjoyable little affair. Covers were laid for 17, the guests including Mrs. Lewis, Mrs. Wenman A. Lewis, Mrs. Joseph Wilson Gray, Mrs. Gerard Bryce, Mrs. Charles Richard Waldo, Oakland, and Mrs. Howard S. Evans. Mrs. Murry A. Verner, Mrs. John P. Ruble, Mrs. Ella Bailey, Miss Katherine Eichin, Miss Jane Kuhn and Miss Verner. Miss Nellie Kincaid, Mrs. Howard Hosier and Mrs. William Kincaid. Pink roses and white lilacs formed an effective centerpiece on the round table and the place cards were hand painted. Mrs. and Mrs. Kuhn will leave June 20 for Lakewood, N. Y., where they have a cottage. Mr. and Mrs. Murry Verner are also preparing to occupy their Lakewood cottage during the summer season.

School Girls as Actresses.

The dramatic class of Miss Gleim's school gave a very successful presentation of "A Box of Monkeys and Mixed Up Livery" yesterday afternoon at her home in Walnut street. After the play an informal reception was held and refreshments were served. Those who took part in the plays were Miss Louise Shaw, Miss Ruth Edwards, Miss Adele Guckenheimer, Miss Dorothy Leech, Miss Carrie Packer, Miss Helen Watson, Miss Marie Blackmore, Miss Kate Spencer, Miss Clara Wade, Miss Margaret Rogers, Miss Pharo Glover and Miss Rachael Chantler. Both plays were given under the direction of Miss Helen R. Arundel, instructor of the dramatic classes.

Mrs. Taylor Entertained.

Mrs. Charles L. Taylor was hostess at a small little bridge whist yesterday afternoon, the guests including Mrs. George Clarkson, Mrs. Frederick Ewart, Mrs. Hew C. Torrance, Miss Stoner, Miss Eva Stoner, Mrs. Omar Scott Decker, Mrs. Agnes Grafe, Mrs. Hartman, Mrs. Wm. Reynolds and Mrs. Wyman. The favors for the afternoon were corsage bouquets of sweet peas and asparagus plumes.

Fine Work of Local Artist.

Tomorrow the Home Journal section of The Sunday Gazette will have an exquisite cover design entitled "Spring," which was specially designed for The Gazette by Miss Frances McCreery of the faculty of the Pittsburgh School of Design.

A REMARKABLE TEST

APPLIED BY A TEACHER IN A LEADING UNIVERSITY.

Demonstrates the Power of Dr. Williams' Pink Pills to Restore Shattered Nerves.

Mrs. Leander Lane, wife of the minister of the Christian church, of No. 2010 I street, South Omaha, Neb., tells how her daughter has been enabled to resume her professional work as a teacher after suffering for nearly three years from severe nervous prostration:

"When she was passing from girlhood to womanhood," says Mrs. Lane, "she suffered greatly from difficulties peculiar to her sex. The physician did not help her, but a few boxes of Dr. Williams' Pink Pills brought about the perfect regulation of her system.

"While she had escaped from one grave trouble, she unfortunately began to overwork, first as a student and then as a teacher in a large Iowa institution for orphan boys. She enjoyed her work and was very enthusiastic, but the strain finally told on her. She became pale, weak, nervous, unable to sleep; she had no appetite and she suffered from severe headaches. Then came a complete breakdown and her work had to be given up.

"The confidence which Dr. Williams' Pink Pills had already inspired in us led us to try them again in this emergency. Improvement came at first slowly, and we sometimes doubted whether she was gaining, but we noticed that whenever she stopped taking pills she fell back, and whenever she resumed the use of them she revived and so we kept up the treatment until she recovered her usual health and was able to take a position in one of our universities where she is happily at work. My mother, my daughter and myself have a well-founded confidence in the merits of Dr. Williams' Pink Pills and are always ready to recommend them."

This is simply one more proof that these pills seek disease at its source and effect fundamental cures in all diseases having a common origin in impaired blood or nerves. They arrest physical decay when it seems inevitable and find a road to restoration when the doctor misses it. They are sold by all druggists throughout the world.

FOR SALE OR RENT FOR THE SEASON, THE CHARMING COUNTRY SEA

STOCK MARKET VERY NARROW, BUT PRICES HELD FIRM

Union Pacific the Strongest of the Railroads—On the Local Board Air Brake and Fire Proofing Preferred Rallied.

By JOHN O. HAGLIN, Financial Editor.

The total sales on the New York stock exchange yesterday fell short of 150,000 shares, or at the rate of less than 30,000 shares an hour. The tone at the opening was rather heavy, following lower quotations from London. There was no pressure to sell, however, and later in the day the covering of shorts and the bidding up of prices by professionals caused a rally all around, and the close was at or near the top. Union Pacific was the strongest of the railroad list. The stock opened at 82¾ and advanced to 83½, closing at 83¼ bid. The Harriman suit against the Northern Securities Company began at Newark, N. J., yesterday. The contention is very much the same as that which was decided against the Union Pacific interests in the trial at St. Paul. There was one incident in connection with the presentation of the case, however, that was regarded as significant by Wall street. Counsel for the Oregon Short Line, which was joined in the Pierpont plan to finance its purchase of Northern Pacific, modified its claim of $78,000,000 Northern Pacific stock to a claim for only $71,000,000 of the stock, admitting that the difference had been paid for by Northern Securities in cash. This admission, it was said, was tantamount to a withdrawal of the claim for a controlling interest in Northern Pacific, which is the bone of contention now as it was in May, 1901. Wall street inferred from this that the present suit might be after all an amicable one for the purpose of obtaining a legal decision that would guide all interests mainly in the distribution of Northern Securities. In this view of the situation, there would be no competitive buying and no fights to settle in the stock market—a consideration which is probably worth a few points' advance in the general railroad list.

The granger stocks were all firmer, Atchison and St. Paul advancing about a point on crop reports showing improvement in winter wheat conditions. The break in May wheat to 97¼c, after selling as high as $1.01⅛, and the decline in the distant options was looked upon as a favorable development, and the week's exports of 1,226,000 bushels of wheat and flour as wheat, while below the average of the season, was so much larger than in the past three or four weeks, that it was looked upon as the forerunner of a more normal condition of affairs which would permit of free outward movement of grain and incidentally tend to produce a favorable effect upon foreign exchange.

The industrial stocks moved within narrow limits during the entire day, being rather heavy during the morning and firm during the afternoon. United States Steel preferred advanced to 93¾ and Amalgamated Copper rose a point to 89¾ at the close. The report that the Pennsylvania railroad was about to inaugurate a policy of retrenchment, and that some of the minor steel plants were reducing output, had little or no effect upon the market. The report of important changes in the management of Amalgamated Copper and of a settlement of the war that has been raging for two years between that company and its chief competitor, was also without effect upon the market.

Gold engagements for export today approximated $4,000,000. Sterling exchange was firm all day, which was ascribed to the making of sterling loans, which would for the time being at least check shipments of gold. The sub-treasury at New York was debtor to the clearing house yesterday to the amount of $8,815,178, of which total $8,000,000 was accounted for by the payment to J. P. Morgan & Co. of the sum of representatives of the Republic of Panama. It was estimated that the net movement of money during the week indicated a loss to the banks of only $5,625,000. For the two preceding weeks the preliminary estimates were so far below the official figures as to be altogether misleading. A canvass of the leading banks resulted in an estimate of a decrease of at least $15,000,000 in loans for the week. If this should prove correct, and there is a corresponding decrease in deposits, which would reduce reserve requirements, the decrease in surplus reserve would not be as large as feared early in the week. At the present time the surplus reserve is a little above $12,000,000 and at one time it looked as if this would be cut in two if it was not altogether wiped out. While speculation remains as dull as it is, interest in the bank statement will be secondary, but bond dealers are afraid that if the reserve should be nearly wiped out and there should be a rise in call money rates, it would have a serious effect upon the demand for bonds.

At the opening of the local stock market yesterday there was a continuation of the decline in Westinghouse Air Brake and National Fire Proofing, the former declining to 126, the lowest price of the year, but just before the close Air Brake advanced easily to 130, a net gain of 3¾ points for the day. National Fire Proofing preferred, which declined to 25¾, recovered to 27. Pittsburgh Coal common declined to 14⅝, but rallied to and closed at 15¼ bid. Only 50 shares Crucible Steel preferred changed hands at 86⅛, which was unchanged. Electric was firmer, closing at 77⅝ bid, but only 10 shares changed hands all day.

FEATURES OF THE DAY.

IN PITTSBURGH.

Bank exchanges fell off more than $5,300,000 from the same day last year.

Westinghouse Air Brake declined to 126 and rallied to 130 at the close.

Fire Proofing preferred declined to 25¾ and rallied to 27.

Pittsburgh Coal common closed at 15¼ bid, after selling at 14⅝.

Only 10 shares Electric sold, but the stock closed firmed at 77⅝ bid.

Steel stocks were very dull and closed steady and unchanged.

IN WALL STREET.

Stock exchange sales foot up only 142,500 shares and $1,310,000 bonds.

Market heavy during the morning, but rallied and closed firm.

Union Pacific was the strongest of the railroad list.

Pennsylvania not affected by the reported policy of retrenchment in expenses.

Steel preferred and Amalgamated Copper closed near the top.

Decrease in cash and loans the bank statement forecast.

NOTES AND COMMENT.

Crucible Steel was not affected by the revival of the rumor that the United States Steel Corporation might take over that property, as well as the Clairton plants. There were no sales of Crucible common and only 50 shares of the preferred at 96⅛, which was unchanged from the last previous sale.

A banker commenting upon the surmises which have arisen over the presence in the city of Young Mr. Rockefeller, said: "I am sure the gentleman's confidence, but I think he has been inspecting the industrial plants and railroads of this district at the suggestion of his father, who is gradually withdrawing from corporation boards and putting his son in as his personal representative. It is only natural that the father should desire the son to have a personal knowledge of the practical affairs of the corporations in which he is already a director, or in which he may become a director as successor to his father. I doubt very much if his visit has anything to do with any railroad or other deal."

At the opening of the local market yesterday the decline in Airbrake continued, the stock selling down to 126, the lowest of the year. In the afternoon there was a recovery to 128, and just before the close the price was bid up to 130, at which 15 shares changed hands, the market closing at 129½ bid. From 125½ on Monday dull days yesterday and back to 130, just 871 shares of stock changed hands. On the board the impression was that the stock was supported by inside interests yesterday.

National Fire Proofing common declined to 7, but the preferred, after selling at 26⅞, rallied to 27. A stockholder quoted an officer of the company as saying that the directors at no board had never discussed the question of maintaining the regular dividend on the preferred stock, and so far as he knew the dividend would be paid. He also pointed out the difference between Fire Proofing and some other industrial stocks, stating that Fire Proofing had no bonds and that even if business in any quarter should justify a reduction or passage of the dividend, there was no bonded interest to come in ahead of earnings on the preferred and no threat of foreclosure would trouble stockholders of the company.

Pittsburgh Coal common sold off to 14⅝, but recovered to 15¼ bid at the close. The preferred stock was inactive, but closed steady at 95⅝ bid. The dividend scrip sold unchanged at 100¾.

The Guarantee Title and Trust Company announces its removal next Wednesday to the building formerly occupied by the Iron City National bank.

There is said to be a large short interest in United States Steel, Erie, Pennsylvania and some of the grangers. It was reported that a firm frequently employed by Morgan interests, were sending out United States Steel freely, as if to cover up the extent of the short interest.

The annual report of the United States Rubber Company for the year ending March 31, 1904, shows a balance of $1,576,641 after expenses, interest, bad debts, etc. This balance is equal to 6.7 per cent on the $23,625,500 preferred stock, compared with 5.7 per cent in 1903, and less than one-half of 1 per cent in 1902.

The production, foreign movement and approximate consumption of pig iron in this country last month, compares as follows with the month of April last year in long tons:

	1904.	Inc.	Dec.
Furnace production	1,583,700		52,400
Furnace stocks, dec.	15,000	8,000	
Furnace supplies	1,606,700	.....	49,400
Imports	40,000	.....	149,400
Total supplies	1,646,700	.....	198,800
Exports	170,000	30,600	.....
Consumption	1,476,700	.....	289,400

The great body of capitalists are evidently refraining from either adding to their holdings of stocks or liquidating. The orders by room traders on which the market movements depend do not afford evidence for more than small fractional changes. A movement of a fraction invites taking of the meager profit or induces the prompt pocketing of a loss, owing to the great uncertainty as to what direction prices may suddenly move. The conviction is general that the condition of absolute deadlock in which the market is now held, cannot last long. The new direction to be taken is a matter of profound doubt.

Weather reports favorable to the crops were received, but the wheat market was further influenced by the shortage in supply. The cotton market, on the other hand, by the further fall in prices added to the attraction for foreign buyers and promised an improvement in the export movement for that staple. There was an increase of 491,000 bushels in the week's exports of wheat over last week, but only a small proportion of the average for the corresponding week in recent years went out. The exports of corn were little more than nominal.

Call money was appreciably easier in New York yesterday and was offered in large amounts by the banks below 2 per cent. Sterling exchange also continued its downward course, encouraging the idea that the gold movement may be reaching its culmination.

NEWS FROM THE MINES.

Col. Greene says that the May output of the Cananea copper mines will be about 5,500,000 pounds. Col Greene will leave for Mexico within a few days.

According to a report from Winnemucca, Nev., the properties of the Golden Eagle Mining Company, which has for several years been under the control of the Wilson's, has been acquired by Messrs. Otto Stalman and Joseph Farren on a lease and bond.

J. H. Morrison has discovered copper at his claim, west of Morrison, between Helena and the Red Bird mine. The property is to be developed.

The Amador copper mine, on Cedar creek, 12 miles from Helena, is the scene of much development. The company has spent $140,000 and contemplates a further large outlay. The machinery is run by water power. The company owns 160 acres of land, two and a quarter miles long to develop water power for the smelter, which is to be built at Iron Mountain station. A town site is being laid out. An electric tram will be built this season connecting the mine and railroad station.

M. Edwards is putting in a cyanide plant at the old Gloster mine, near Marysville. There are thousands of tons on the dumps, which will average more than $5 a ton, thus permitting their handling with a good profit.

Jensen & Co. of Norwich, Conn., have secured a controlling interest in the Rose gold mines, at the head of Golconda creek, Jefferson county, Mont. They will at once put in to treat the product of this and other mines taken over. There is said to be a 95-foot vein of good ore in the Yonkee fork.

The Tomboy is pushing development on its properties. Recently work was resumed on the Cincinnati shaft, which has been sunk on the Cincinnati and Argentine vein to a depth of 180 feet. The shaft will be sunk 100 feet deeper, giving it a total depth of 280 feet, and it will be enlarged throughout. It is from the Cincinnati and Argentine vein that the Tomboy company has been realizing handsome dividends for the past three or four years.

The Homestake Mining Company will commence in a few days the construction of an addition to the mammoth cyanide plant No. 1 in Lead, S. D., which will increase the capacity to about 2,500 tons per day. This will be the largest cyanide plant in the world. The company is treating its ore for about 37 cents per ton. The cyanide plant No. 2 at Gayville is also being doubled in capacity.

Foreign Money Markets.

LONDON, May 20.—Money, 1@1¼ per cent; discount for short bills, 1¼@1 15-16 per cent; discount for three months' bills, 1 15-16@2 per cent. The demand for money increased in the market today on holiday requirements and the supplies lessened somewhat. Discounts were slightly firmer. Prices on the stock exchange were fairly firm, despite the approach of the Whitsuntide holidays. Business consisted largely in closing up engagements. Consols were easier. Americans opened irregular, with movements fractional and stocks fairly steady, but operators were idle; later prices hardened somewhat on bear covering. Business closed quiet. Foreigners were featureless, except Japanese, which lost a point or two in consequence of the naval disasters.

PARIS, May 20.—Three per cent rentes, 97 francs 5 centimes for the account; prices on the Bourse opened firm and became very animated, especially internationals. Russians had a better tone in consequence of the reported victory. Russian imperial 4s closed at 89.70. The private rate of discount was 2½ per cent.

BERLIN, May 20.—Exchange on London, 20 marks 39½ pfgs for checks; business on the bourse today was dull, but values were fairly maintained.

Condition of the Treasury.

WASHINGTON, May 20.—Today's statement of the treasury balances in the general fund, exclusive of the $150,000,000 gold reserve in the division of redemption, shows: Available cash balance, $164,894,210; gold, $74,968,717; silver, $21,051,444; United States notes, $7,810,444; treasury notes of 1890, $67,520; national bank notes, $13,222,165; total receipts this day, $1,687,182; total receipts this month, $27,907,795; total receipts this year, $480,519,960; total disbursements this day, $30,620,060; total expenditures this month, $82,010,000; total expenditures this year, $531,163,599; deposits in national banks, $127,914,399.

Foreign Exchange.

The Iron City Trust quotes checks as follows: London, 9@9 3-32; Berlin, 5 15-16; marks, 95.50; Kronen, Austria, 20.35; Italian lire, paper, 5 16.50; Dutch guilders, 40.38; roubles, 51.65; pesetas, 14.15; kroners (Scandinavian), 26.81; Hongkong (dollars local currency), 44⅝; Yokohama (dollars local currency), 47.50; Manila (pesos), par.

Standard Investment Bonds.

The Colonial Trust Company, No. 317 Fourth ave., Pittsburgh, Pa., has for sale a variety of bonds yielding the purchaser from 5½ to 6 per cent, which it recommends as desirable investments. Inquire of Alexander C. Thompson, manager bond department.

NEW APARTMENT HOUSES ARE SOLD

Property Is Bought for an Investment in the Sixteenth Ward by John Schad.

HOSPITAL BUILDINGS PLANNED

Through the office of Leahy Brothers two new apartment houses at the southwest corner of Liberty avenue and Mannion alley, Sixteenth ward, have been sold for $28,000. They belonged to Soren Langkamp and the new owner is John Schad, who takes the property for an investment. The buildings are three-story brick, modern in every respect, and stand on a lot 60x138 feet.

W. F. Weiterahausen has sold for William Dinch to J. A. Mildreth 1257 Locust street, Sixth ward, Allegheny, consisting of an 11-room brick house on lot 68x130 feet, for $10,000.

John H. Armstrong has disposed of two properties for a total consideration of $38,000. It is an improved lot, 72x110 feet, facing in Mellon avenue, Nineteenth ward. The property purchased by Mrs. Mary Ann Colvin for $18,000. The other property, which was bought by Thomas Maxwell, is an improved lot, 42x100 feet, on the west side of Fifteenth street, Tenth ward. This brought $19,000.

Milton R. Cooke has sold to Cornelis Van Asbeck an improved property, 40x101 feet, in the south side of Black street, near North Negley avenue, Nineteenth ward, for $12,500.

William Anderson has purchased from Mary E. Lafferty 11 lots, 25x96 feet each, in Griffin street, near Leila street, Thirty-second ward, and 10 lots, 25x114 feet each, in Southern avenue, near Leila street, for $11,000.

New Buildings for St. Francis Hospital.

Plans are being prepared by Architect Sidney F. Heckert for two buildings for the St. Francis hospital in Forty-first street, to cost $90,000 and $90,000 respectively. The larger one will be a three-story wing to the present building. This will be used exclusively for wards and private rooms. The other building will be a three-story brick chapel. This will have a finished basement for a lecture hall and also nurses' quarters for a training school for nurses.

The same architect has awarded to Hays Brothers & Dodds of Allegheny the contract for the Roman Catholic church of the Assumption, on Soho street. The building will face in Jackson street and will cost $20,000. Architect Heckert also has plans for a residence for W. A. Hoovster in Fifth avenue, near Emerson street.

Bids are being received by Architects Mingan & Miller for a three-story brick apartment house to be built for Owen Sheeky at Camp avenue and Second street, Braddock, at a cost of $20,000. Also for an apartment house for Frank McCrea on Penn and Trenton avenues. Wilkinsburg, to cost $18,000. The same architects are preparing plans for a three-story flat building for E. T. Jackson in Penn avenue near Wood street, Wilkinsburg, and for a stone and shingle residence to be built for F. M. Miller in East Wilkinsburg.

Architect Louis O. Brosis is receiving estimates on a two-story flat for W. H. Rickenbach in Bennett street to cost $12,000, and for a three-story flat for H. Homer in Collins avenue near Station street to cost $8,000.

Bids are being taken by Architect D. E. Sheridan for the steam heating plant for Harbison hall, Harbison college, at Aboeyville, S. C. He is also taking bids on a residence for E. W. Liebenbahl at 812 Beatty street.

Two more dwellings will soon be built in the Oakmont Heights district by persons who have lately bought choice acreage through the offices of James Marshall. A plot of eight lots facing Center and Craver streets is sold to a Pittsburgh business man for $12,000 or $1,500 an acre, and will be improved with a $25,000 house. It has a frontage of 500 feet on the Hulton road opposite the golf grounds of the Oakmont Country club, and just east of the Oakmont borough line. The other plot of three acres was bought by Curtis M. Willcock from Dr. J. C. Hotbloiter for $5,500. Both lots face the Hulton road near Oakmont station. The project of widening Hulton road from the borough line to the forks of the Logans Ferry and Millstown roads is again receiving much attention and all properties fronting on this point are sold subject to the improvement. At present the road is only 33 feet wide beyond the borough and it is proposed to make it a 60-foot thoroughfare and macadamize it. The Oakmont Country club owns all the frontage on the north side of the road within the limits named and it has agreed to donate its share of the land needed if the improvement is put through. With the road made into a good boulevard the value of abutting properties would be considerably enhanced and the attractiveness of the neighborhood greatly increased.

Small Real Estate Transactions.

Washington avenue: James A. Griffith sold for L. Surloff 69 Washington avenue, a brick business block 20 by 25x147 feet, for $8,000. Also for the George W. Easton estate to H. Xiliph and P. A. Fischer, three lots in Orchard street, Knoxville.

Oakmont: James Marshall sold for William Braithwaite to F. K. Bradshaw an improved lot, 35x200 feet, in I street, Oakmont, for $4,000; for James McCrea, four lots in H street, Oakmont, for $1,600, and for Mrs. J. M. Harris, three lots in D street, for $1,500.

Allegheny: The Union Realty Company sold for Margaretta N. Dinn to Mrs. Elsie J. Hutchison 24x131 feet in Observatory avenue, Allegheny, for $900.

FLOUR AND SUGAR CONTINUE VERY FIRM

A Good Demand for Cheese. New Strawberries Here—Hay and Grain Arrivals Light.

The flour market continues very strong. Further advances may be expected on spring patent. Present conditions would justify the change now, but present prices will hold locally until next week. Navy beans are easier and are quoted lower. Sugar is still very firm and active. Cereals are moving freely. Jobbers report new cheese coming in freely, also that lower prices have stimulated the demand perceptibly. The condition of pasturage in the cheese-making districts is favorable to a good product and at low prices, according to reports. Butter is moving out pretty freely and is in good demand. Supply, however, is heavy, as it usually is this season of the year. No changes have been made in eggs. Good stock is not too plentiful and prices are still holding up. Chickens and other poultry are showing pretty firm at present.

About 13 cars of Carolina strawberries and three cars of Tennessee arrived yesterday. Prices were about steady on the old crop, but the new were selling around $2 25 per crate. Old potatoes are selling at $1 30 and 5 cents higher on the market. Egyptian onions are quoted lower. The very best grades of apples are bringing as high as $3 50. No changes were noticeable in other produce lines yesterday. Hay holds firm. No. 1 timothy offering at $17 50 and $17 bid. One car of No. 1 timothy and No. 1 mixed sold on the exchange yesterday at $17 and $18 50 respectively. Oats is steady, offering at 47½c and selling around that figure. There was a bid of 60 cents on two yellow car; rye straw offered at $16, with $14 50 bid; rye is advanced, but very little is doing in that market now. The Manchester yards were pretty barren yesterday, arrivals having been light for several days.

WHEAT TAKES TUMBLE ON CHICAGO GRAIN MARKET

Break of 4 3-8 Cents Pulls Staple Cereal Below the Dollar Mark.

[By Associated Press to The Gazette.]

CHICAGO, May 20.—An advance of 2½c in the price of May wheat was followed by a sharp break of 4⅜c today. The erratic actions of the May option resulted from speculative maneuvers attending the scarcity of wheat for present use. Closing figures on May were unchanged from yesterday's final quotations. July closed at a loss of ⅝@⅝c. Corn is up ⅛@¼c. Oats are down ⅛@¼c and provisions 2½@12½c.

Under the influence of congestion in the May delivery the wheat market opened firm in the face of excellent weather conditions. Smallest local receipts on record, namely, five cars, with little prospects of any increase in arrivals, caused active demand from shorts for the May option. Initial sales of May showed a gain of ½@2c at 99¼c@$1 01. July opened 1¼c lower to ⅛c higher at 87⅛@87¼c. There was little May wheat on the market. Shorts in their anxiety to cover sales bid the price of May up to $1 01⅛ within the first 10 minutes. Naturally other options felt the effect. July advanced to 88¼c early in the day. The market was extremely active during the session, dominated by the fluctuations of the May delivery. During the latter part of the day future deliveries were subjected to a considerable selling pressure as a result of favorable crop reports. A. 7c. Lard, The Journal in its weekly summary claimed that further improvement in condition of winter wheat was reported from all sections and that indications pointed to large yields in Kansas, Nebraska and Missouri.

The selling movement increased on a sharp decline in May. Under liberal profit-taking that delivery sold off to 97⅛c, a loss of 4¾c from its high point. The weakness was felt throughout the entire list, July declining in sympathy to 86¾c. On the break shorts became active bidders for May, forcing the price up to 99c, where the market closed. Future deliveries, however, failed to rally. July closing at 86¾@86¾c, a net loss of ⅝@⅝c for the day. Clearances of wheat and flour were equal to 71,000 bushels. Bradstreet's exports of wheat and flour for the week were equal to 1,234,000 bushels. Primary receipts were 147,700 bushels, compared with 183,400 bushels a year ago. Minneapolis, Duluth and Chicago reported receipts of 91 cars, against 76 cars last week and 141 cars a year ago.

As a result of a small movement and of the strength in wheat the corn market was strong early in the day. Shorts were active bidders during the first half of the session, but offerings were comparatively light. Later, the selling became quite general and prices receded sharply. Favorable weather, prospects of an increased movement in Illinois and the break in wheat were the late bear factors. The market closed firm on renewed covering by shorts. July opened a shade to ⅛@¼c lower at 48@48¼c, advanced to 49¼c, sold off to 48c, and closed at 48¾c. Local receipts were 70 cars, with 8 of contract grade.

The feature of trading in oats was the early strength and subsequent weakness of the May delivery. The fast disappearance of local stocks of standard oats was the cause of the early bulge, while the weak cables and big grains accounted for the decline. Favorable weather conditions had a depressing influence on the future deliveries. May ranged between 41¾c and 43c, closing at 42c. July opened a shade to ¼c lower at 38½@38¾c, rose to 39¾c, sold between 38¾@38¼c and 39c, closing at 38¼c. Local receipts were 79 cars.

Provisions were firm early under the influence of strength in grains. The market weakened, however, during the latter part of the session as a result of liberal receipts of hogs throughout the west. Packers were the principal sellers and the demand came from scalpers. July pork closed nearly 30 points off. The price of May up to $1 01⅛ within the first 10 minutes. FACTION-TORN, BUT FOR ROOSEVELT

President Receives Assurances from Wisconsin and Illinois. Last Week for Conventions.

MOST DELEGATES SELECTED

THE PITTSBURGH GAZETTE BUREAU.
Room 10, Postal Building.
WASHINGTON, D. C., May 20.

President Roosevelt has received assurances from Wisconsin and Illinois that under no circumstances will the Republican national ticket suffer as a result of the differences among the Republicans of those states. The president was informed today that the factions in Wisconsin were vieing with each other in loyalty to the administration, and that although each had a state ticket in the field, the Republican national ticket would not lose votes.

Similar reports reached the White House from Illinois, where the deadlock over the nomination for governor threatens to divide the Republicans. It was announced at the White House that the president was not taking part for or against any of the candidates in the Illinois contest, and that a report that he had offered to appoint Gov. Yates ambassador to Mexico if he would withdraw was untrue. The assurances that Mr. Roosevelt's prospects will not be imperiled by two Republican state tickets in Wisconsin are borne out by the fact that Wisconsin is proportionately almost as rock-ribbed a Republican state as Pennsylvania.

Four years ago the Wisconsin Republicans cast 63.6 per cent of the total vote, the Pennsylvania Republicans, 60.75 per cent. The Republican plurality in Wisconsin at the last presidential election was 109,607, McKinley receiving 265,760 and Bryan 159,163. There was a big falling off in the vote two years ago in the state election, Gov. LaFollette, who is now seeking a third term, received 193,417 and Bennett the Democratic nominee, 145,818. The Republican plurality in 1902, therefore, was only 47,599; but the total vote of the state was only 365,648, as against a total vote of 442,501 in 1900.

In 1896 Wisconsin gave McKinley a plurality of 102,612, where four years previously it had given Cleveland 6,544. But the conditions prior to the last election of Cleveland were far more favorable to the Democrats than has been the case for the last three or four years. Democrats had carried the state by 28,320 plurality in 1890. In recent years the party has been torn with dissensions, but not in any such degree as the Republicans, and many Democrats have openly boasted of voting for LaFollette.

In normal times the Republican majority would approximate 75,000 in a presidential year, and it is doubtful if the holding of local tickets could prevail to such an extent as to reduce the plurality on the electoral ticket to half that number.

Under the call of the Republican national committee, this is the last week in which conventions for the selection of delegates to the Chicago convention may be held. Fourteen state conventions have been or are being held this week. Returns received thus far at the White House indicate that, of the 988 delegates to the Chicago convention, 926 were elected up to Thursday evening, 62 yet remaining either to be elected or reported upon.

Some of these have been elected, but the returns have not been received. Of the number elected, 798 have been instructed absolutely for President Roosevelt. A majority of the remainder have indicated their intention to support the president.

DOCKSTADER GIVES FILMS TO POLICE

Secret Service Man Bears Request to Commissioner McAdoo from President.

EXPLANATION BY MINSTREL

THE PITTSBURGH GAZETTE BUREAU.
Herald Building, Herald Square.
NEW YORK, May 20.

The moving picture machine films which would have portrayed, had they been permitted, President Roosevelt rescuing Booker T. Washington from the lawn in front of the capitol steps at Washington, and hearty embraces of Mr. Roosevelt and the distinguished negro in the carriage which bore Prince Henry about Washington, are in the hands of Police Commissioner McAdoo. They were produced by Lew Dockstader, the minstrel today by request personally conveyed from the White House to the police by a secret service man.

The latter reached town this morning and went immediately to police headquarters. He told Commissioner McAdoo that President Roosevelt was annoyed that the pictures had been taken and that he wanted the two sets of films. Inspector McCluskey sent for Dockstader, who, when told that President Roosevelt was annoyed, gave the films to Inspector McCluskey, and said he was willing to part with them. Once outside, Dockstader said:

"A wrong story has gone out. I intended those moving pictures to illustrate a monologue. They showed a negro falling out of an airship and landing on the capitol steps. He was to be rescued by President Roosevelt. The negro in question was not meant to look like Booker T. Washington. That part is not true. Another thing that is sadly untrue is that the Democratic party gave me $4,000,000 to produce these pictures. In the course of my stage career I have impersonated Bryan, Grover Cleveland and Mayor Low. I am surprised to know that President Roosevelt is disturbed. I thought him a man of such broadly humorous mind that he would appreciate the fun. I willingly give them up and never would have taken them had I known they would have caused annoyance."

Commissioner McAdoo will forward the films to Washington.

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay $500 in legal money of the United States for any case of Leucorrhea, Female Weakness, Prolapsus, or Falling of the Womb, which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

WHEN LOVE INVITES,

the woman follows the man of her choice, though the path leads out of Eden into a world untrodden and untried. What is her reward? Many a time when her health is broken by the burdens she has borne for the man's sake her reward is to see him turn from her to seek rosier cheeks and brighter eyes. It is man's nature to crave beauty in the wife as in the maid. And what woman is there who would not be happy to keep her maiden bloom when motherhood has crowned her wifely happiness? Some women seem to have found this secret of perpetual youth. "Age cannot wither them." They have learned that fairness of face and form depend upon the health, and that the general health depends upon the local womanly health. They establish regularity of the periods. They dry the disagreeable drains which draw the luster from the eyes and the vermillion from the lips, as well as sap the body's strength. They quench the internal fires of inflammation in which the very elements of beauty are consumed. They heal the ulcer which gnaws into the very life. They walk the world as wonders—women exempt from the sacrifice to love. How have they done this? By the use of Dr. Pierce's Favorite Prescription, which makes weak women strong and sick women well. It matters not how weak the woman is, or how sick she is, "Favorite Prescription" will cure the womanly ills that vex her; will round out the sunken curves of her form, put light in her eyes, tint her cheeks with health's carnation, and make her a glad and happy woman. Hundreds of thousands of women testify to the truth of these statements. Let every ailing woman read the two testimonials given below, and remember that these two women speak for more than half a million other women cured by the skill of Dr. Pierce and by the use of his "Favorite Prescription." There is no alcohol in "Favorite Prescription," neither has it any opium or other narcotic.

"Two years ago I began to gradually lose my health," writes Mrs. Nellie D. Stark, vice president Bethesda society, 39 Gardner street, Worcester, Mass. "Became nervous, lost my appetite, and it seemed impossible to obtain a good night's rest. I became emaciated, hollow-eyed, and suffered with frequent heart palpitation. Complexion was bad and muddy-looking, and I had a haggard expression. I felt as though life had lost its charm; did not care to live, for life without health is simply a living death. Dr. Pierce's Favorite Prescription changed all this. It came as a blessing into my home; I felt better in a short time after starting to use it, and within a month I was like another woman. New life, health and vigor returned, and my husband fell in love with me all over again, and a new light and happiness came into my life. Your medicine did all this for me, and it is certainly worthy of praise."

"I was a great sufferer for six years and doctored all the time with a number of physicians, but did not receive any benefit," writes Mrs. George Sogden, 611 Bonda street, Saginaw (South), Mich. "I had given up all hope of ever getting better; thought I would write to you. When I received your letter telling me what to do I commenced to take your 'Favorite Prescription' and follow your advice. I have taken 10 bottles in all, also five vials of the 'Pleasant Pellets.' Am now regular, after having missed two years and suffered with pain in the head and back. I was so nervous, could not eat or sleep. Now I can thank you for my recovery."
